

Central University of Punjab

Established vide Act No. 25(2009) of Parliament

Minutes for the online BOS for Centre for Computational Sciences (CCS) approved the following points:

Since, the M.Sc. Life Sciences (Bioinformatics) is run in close collaboration with Centre for Human Genetics and Molecular Medicine and has considerable overlap with the allied programmes, in order to keep the syllabus synchronized for common subjects minor changes have been approved in the syllabus of M.Sc. Life Sciences (Bioinformatics) which are reflected in the agenda points 1 and 2. This would facilitate combined teaching of the students for overlapping courses.

1: Syllabus of M.Sc. Life Sciences (Bioinformatics) for 2015-17 would be as mentioned in Annexure I.

2: Syllabus of M.Sc. Life Sciences (Bioinformatics) for 2016 onwards would be as mentioned in Annexure II.

3: Syllabus of M.Sc. Physics (Computational Physics) for 2016 onwards would be same as that of M.Sc. Physics (as offered by Centre for Physical Sciences) and only research project would be in Computational Physics.

4: Syllabus of M.Sc. Chemistry (Computational Chemistry) will be same as before.

5: Syllabus of Ph.D. course work would be same as before.
