

Subject: Supplementary Minutes Toward the 3rd BoS held on 28-03-2017.

As per the requirement an urgent meeting of AAC members of the Centre for Animal Sciences was convened in the office of Animal Sciences on 3rd March 2017 at 3.15 pm.

The agenda and minutes of the meeting are as listed below:

Sr. No. 1. Reference of the two core courses viz. *Stem Cell Biology & Regenerative Medicine (3 Credits)* and *Animal Models of Disease & Research (2 Credits)* has been missed in the minutes of the 3rd BoS.

It has been recorded today that, **the content has been reorganized with the course such as Animal Cell Culture and Applications** based on the need of the M.Sc. program. The advanced aspects of the same have been moved to the course **Advances in Animal Sciences** to be offered in the Ph.D. program based on the need of the program.

Sr. No. 2: The listing of elective course **Genetic Engineering (2 Credits)** in the Semester – II.

It has been recorded today that, the inadvertently missed listing of elective course **Genetic Engineering (2 Credits)** has been incorporated to the Semester – II of the M.Sc. program.

The recommendations of the 3rd BoS stands as originally proposed towards the M.Sc. and Ph.D. programs to be offered by the centre during the academic session 2017-18.

However, with reference to the pre-school board meeting held with Dean, Basic and Applied Sciences by the COC on 2-3-2017 at 2.45 pm, the same was discussed with the AAC members.

An **alternative plan** for the M.Sc. program is proposed as mentioned below keeping the requirement to retain the structure of the existing program (2016-17).

- a. The elective course **Genetic Engineering (2 Credits)** will be a part of Semester – IV.
- b. Further to balance the credit load the research project credits in the semester - IV are reduced by 2 credits from 20 to 18.

The members put up both the plans for consideration and approval of either of them to the School Board.

AAC members of Animal Sciences:

M. Anil Kumar
(Anil K. Mantha) 3/3/17
Chairperson & COC

(Aklank Jain)
Associate Prof.

J. Sharma
03/03/2017
(Jyoti Parkash)
Assistant Prof.
Convener

K. Chaitanya
(Krishna R. Chaitanya)
Assistant Prof. 3/3/17

S. Thamil Mani
(S.T. Mani)
Assistant Prof.

ON Leave
(Sunil K. Singh)
Assistant Prof.
