

MEMORANDUM OF UNDERSTANDING
BETWEEN
CENTRAL UNIVERSITY OF PUNJAB
AND

DEPARTMENT OF THERAPEUTIC RADIOLOGY AND ONCOLOGY,
UNIVERSITY OF INNSBRUCK, INNSBRUCK, AUSTRIA

1. The Central University of Punjab, Bathinda hereinafter referred to as "CUPB" has been established through the Central Universities Act 2009 approved by the Parliament of India. This fast growing Central University is set to emerge as a premier educational institution with the state of the art infrastructure to provide quality education and research.
2. The Medical University of Innsbruck was founded in 1669 and is one of Austria's oldest universities. Today, with over 28000 students and 4500 staff, it is western Austria's largest institution of higher education and research. Department of Therapeutic Radiology and Oncology, University of Innsbruck, Innsbruck, Austria is an integral part of the University.

This MEMORANDUM OF UNDERSTANDING (MoU) is entered into on this day of February 19, 2016

BETWEEN

The Central University of Punjab being represented by its Dean of School of Basic and Applied Sciences, having its office at Bathinda, Punjab in India, herein after referred to as the FIRST PARTY.

AND

Laboratory for Experimental and Translational Research on Radiation Oncology (EXTRO-Lab), Department of Therapeutic Radiology and Oncology, University of Innsbruck, Innsbruck, Austria, being represented by its Head, Professor Dr.med. Irada Skvortsova, having its office at Medical University of Innsbruck, Innsbruck, Austria, herein after referred to as the SECOND PARTY.

PRao

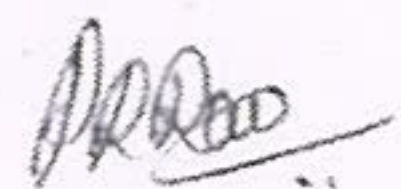

WHEREAS, the FIRST PARTY is an educational institution of national importance engaged in the advancement of teaching and research in several branches of Science and Humanities including Pharmaceutical Sciences.

WHEREAS, the SECOND PARTY is the Laboratory for Experimental and Translational Research on Radiation Oncology (EXTRO-Lab), Department of Therapeutic Radiology and Oncology, is one of the top departments of the Medical University of Innsbruck, Innsbruck, Austria, engaged in teaching and research and development in the field of radiation therapy and oncology.

WHEREAS both the parties have come to an understanding to promote cooperation between the two organizations in the field of Pharmaceutical Sciences and in the Experimental and Translational Research on oncology. The main objective of the MoU is to enhance the academic exchange between the two participating institutes.

THEREFORE, IT IS HEREBY MUTUALLY AGREED BY AND BETWEEN THE PARTIES AS FOLLOWS:

1. Both the parties will promote mutual cooperation in various areas of research and education.
2. Both the parties will work together to promote and enhance the academic interchange between the two institutions
3. Both the parties will encourage and facilitate the visit of students and faculty in their respective institutes.
4. That the students of both the collaborating institutes may seek guidance/mentorship/supervision from the concerned faculty working in their area of research.
5. Both the collaborating Institutes will co-operate to:
 - i. Identify the projects of mutual interest.
 - ii. identify the research proposals between the partner including exploring possibilities for grants and other forms of funding.
6. IPR and any revenue generated through the research project will be shared equally between the participating research groups as per mutually agreed term and conditions.
7. This MoU is intended to facilitate discussions on the joint educational and cultural activities.
8. This MoU shall be valid for a period of five years.

TERMS AND CONDITIONS

1. It is a joint research collaboration only and not meant for awarding any joint degree or diploma.
2. The MoU shall deemed to have been automatically rescinded after the expiry of the MoU period, unless renewed for any further period as per mutually agreed upon terms at a later stage.
3. It is further agreed that following the termination of the MoU, both the parties shall refrain from carrying out the balance of the activity as agreed upon in this MoU.
4. Either of the parties hitherto shall be entitled to terminate the MoU at any time with valid reasons, acceptable in writing to both parties and in such case, the MoU will terminate on the date of written notification or date of expiry of the MoU, whichever is earlier. In case of such premature termination of the MoU, all rights and obligations of both parties shall automatically cease except for those covered by written contracts, including ongoing collaborative activity that can no longer be cancelled.
5. Termination of MoU shall be done in a cost-effective manner subject to proper turnover and accounting of expenses that may have been incurred, where applicable.
6. Even after termination of MoU the students working on the joint project proposal for a degree will continue their research work until the completion of degree.
7. In case of any dispute that may crop up during execution of MoU, the matter would be settled through arbitration by referring to a committee jointly appointed by both the parties.

IN WITNESS WHEREOF, the authorized representatives of both the parties have hereaffixed their signatures on the date indicated below:
