10	2016-17	5	Non Utilization of Grant	The budget grant is received from UGC under three heads i.e. Recurring (Salary), Recurring (Repair & Maintenance) and Non-Recurring (creation of Capital Assets). AS the work of construction of Main campus at Ghudda got delayed, hence the funds allotted under head Non-Recurring (creation of capital assets) could not be fully utilized. Para 3

Grant of Advance increments to technical teacher in contravention of UGC guidelines

2017-18

Clause 9.1 of UGC 2008 provides that Five non compounded advance increments shall be admissible at the entry level of recruitment as Assistant Professor to persons possessing the degree of Ph.D awarded in relevant discipline by the university following the process of admission, registration, coursework and external evaluation as prescribed by the UGC.

Again clause 10.5 provides that all issues relating to grant of advance increments to teaching engaged in engineering/technical courses in the university system shall be subject to recommendations of the committee separately constituted by Central Government for pay review of teachers in technical education.

During the scrutiny of records maintained at CUPB, Bathinda, it was revealed that following Science/technical teachers had been provided 3 to 6 non compounded advance increments according to UGC regulation by constituting the committee at university level but recommendation of the committee constituted by the Central Government for grant of advance increments to technical/ engineering teaching had not been obtained.

S. No.	Name	Designation	DOJ	Ph. Subject	D. Increments	Date of Ph. Increments
1	Dr. Pramod Kumar	Asst. Prof.	28.12.15	Science	5	28.12.15
2	Dr. Satwinder Singh	Asst. Prof.	28.12.15	Computer	5	28.12.15
3	Dr. Thamil Shivananda	Asst. Prof.	18.11.16	Zoology	6	18.11.16
4	Dr. Sunil Kumar Singh	Asst. Prof.	20.12.16	Biotechnology	3	20.12.16
5	Dr. Khetan Shevkani	Asst. Prof.	18.11.16	Sciences (Food Science & Tech)	6	18.11.16
6	Dr. Yashi Srivastava	Asst. Prof.	18.11.16	Food Sciences	5	18.11.16
7	Dr. Nagendra Babu	Asst. Prof.	13.07.15	Sciences (Chemical)	3	13.07.15

The granting of non- compounded advance increments to technical teachers was in contravention of Clause 10.5 of UGC Regulation 2008.

Point wise reply is as under:

1) Till date, no faculty at CUPB has been granted 6 non compounded advance increments.

The faculty members have been granted 3 or 5 non compounded advance increments as per UGC regulation 2010 and subsequent amendments. The teachers listed at Sr. No. 3 and 5 were granted only three increments that too were withdrawn at the time of implementation of 7<sup>th</sup> CPC. However their cases of granting 5 increments is under process.

2) Regarding clause No 10.5 given in Schedule for clause 6.8.0 of UGC Regulation 2010 which is being reproduced as under:-

All issues relating to grant of advance increments to teachers engaged in engineering/ technical courses in the university system shall be subject to recommendations of the Committee separately constituted by the Central Government for pay review of teachers in technical education.

In this regard it is clarified that only one teacher i.e. Dr. Satwinder Singh (Sr. No. 2) has been engaged in AICTE approved M. Tech Computer Sc. And Technology programmes. All other teachers in the table have been engaged in Science/ non- technical programmes. Moreover, funding and sanctioning authority of these departments is UGC. Therefore university is granting non-compounded advance increments as per provisions given in UGC Regulation 2010 and subsequent amendments.

As far the case of Dr. Satwinder Singh and other teachers in Departments of Computer Science and Technology are concerned, at present following two courses are being run in the department.

- i) M. Tech in Computer Science and Technology
- ii) M. Tech in Computer Science and Technology (Cyber Security)

Only the programme at Sr. No. 1 that is M.Tech in Computer Science And Technology is approved from AICTE.

It is also pertinent to mention that in 2010, the AICTE has also published \* All INDIA COUNCIL FOR TECHNICAL EDUCATION ( PAY SCALES, SERVICE CONDITIONS AND QUALIFICATIONS FOR THE TEACHERS AND OTHER ACADEMIC STAFF IN TECHNICAL INSTITUTIONS (DEGREE) REGULATIONS 2010\*.

The AICTE Regulation 2010, has also provision for non- compounded advance increments in lines with the UGC Regulations 2010. (Copy of extract of AICTE Regulations 2010 is attached herewith).

So there is no requirement of recommendations of the Committee separately constituted by the Central Government for pay review of teachers in technical educations.

In view of above fact, it is clear that the university has not granted non- compounded advance increments to any teacher in contravention of provision given in UGC Regulation 2010, therefore, it is humbly requested that audit para 3 may kindly be dropped.

Para 4

<p>2017-18</p> <p>Para 7</p> <p>Non compliance of UGC Guidelines regarding workload of Teachers</p>	<p>The UGC Regulation Act 2010 provides that workload of the teachers in full employment should not be less than 40 hours a week for 30 working weeks (180 teaching days) in an academic year.</p> <p>It should be necessary for the teachers to be available for at least 5 hours daily in the university/colleges for which necessary space and infrastructure should be provided by the university/college.</p> <p>Direct teaching Learning process hours should be as follows:-</p>	<p>In reference to office note no. CUPB/CC/2019-20/Acctt/2019-20/507 dated 22<sup>nd</sup> April 2019, please find below the point wise reply from IQAC:</p> <ol style="list-style-type: none"> <li>1) The workload of teachers of CUPB is as per UGC Regulation Act 2010 and 187 teaching days in the year 2017-18 (96 days for 1<sup>st</sup> semester and 91 days for 2<sup>nd</sup> semester) are ensured through university academic calendar (attached) which is duly approved by the Academic Council. It is prepared by the university, keeping in view space availability, faculty availability, interdisciplinary courses, value added courses, elective courses, etc. to avoid clash of time. The time table of all the departments are sent to Internal Quality Assurance Cell (IQAC) for scrutiny and approval.</li> <li>2) It is evident from the fact that National Assessment and Accreditation Council (NAAC) looks at all these things while grading the universities. Their visit to university and giving 'A' grade is testimony to the fact that we are giving due consideration to such activities.</li> </ol>

Assistant Professor – 16 hours

Associate Professor and Professor – 14 hours

Minimum of 6 hours per week may have to be allocated for research activities of a teacher.

During scrutiny of records of CUPB Bathinda for the period 2017-18, it was noticed that time tables for each Associate professor/Assistant Professor/Professor was drafted at University level.

But no record was made available in university to ascertain that each teacher had worked 16 hours/14 hours in direct learning process. Further no record was maintained to show that each teacher had worked 40 hours a week for 30 working weeks (180 teaching days) in an academic year. In the absence of proper records, compliance of UGC guidelines can't be verified in this regard.

On being pointed in audit the Institute stated that detailed reply will be sent to the para. Final reply will be awaited in audit.

3) It is pertinent to mention here that university through IQAC cell is conducting internal audit of all academic and administrative parameters by internal committees of the university. IQAC invites external experts of the level of Vice Chancellor, Directors and Professors to conduct external academic and administrative audit of the university. Such exercises are done to ensure the requirements of teaching load, practical, quality assessment through examination and evaluation of the teaching-learning process.

4) IQAC, which is very strong division of the university and is responsible for ensuring adherence to rules/ regulations and provides guidance to the university to improve quality at every step. Teaching load is also ensured during the process of recruitment of regular/contractual faculty members in the respective departments.

5) As far National Institutional Ranking Framework (NIRF) ranking, we are the only university amongst the new central universities to get the rank under 100, which was not possible in this competitive system of ranking. University ranked 95<sup>th</sup> in NIRF which depicts the hard work of the faculty members based upon their contribution for publications and it requires the use of university facilities, due to which they have to stay in university campus.

6) The university has adopted biometric system/cameras at entry gates/ attendance by security staff at entrance gate, to check the stay of faculty members in the university campus for minimum five hours daily. The teachers are available at least from 9:00 a.m. to 5:00 p.m. (8 hours) per day for research, research guidance, to prepare seminars, work for patents and for their research projects, etc.

7) No faculty member can afford not to remain in the campus for five hours. In fact, they spend more time and stay even at night. Many of the faculty members, especially from science also come to university even on Saturdays and Sundays. In comparison with any other university, Central University of Punjab has very highest faculty/ research project ratio.

8) We have very meritorious faculty who have completed the projects successfully i.e. why we get sponsors for the research projects. All the faculty members have research projects for which they have to work and their stay in the campus becomes inevitable.

9) The university also conducts audit for curriculum (syllabus) i.e. why MHRD has given us Pandit Madan Mohan Malaviya National Mission on Teachers and teaching (PMMNMTT) project and Centre for Curriculum Design and Development is established to work on curriculum at national level. The curriculum audit is conducted every year. In the curriculum audit, completion of syllabus by all the faculty members is ensured by the committee.

10) H-index (Parameter to assess quality of research) of the university is highest amongst new central universities. This is possible only with the active involvement of faculty in research.

			<p>11) In Central University of Punjab, interaction of faculty with the students is ensured through mentoring system. The university has adopted mentoring system and about 5-8 students are allotted to each faculty for mentoring. Mostly students are from outside state and to enable them to seek guidance, teachers remain available in the campus for their help.</p> <p>12) The time table of the whole university is attached herewith for your perusal.</p> <p>However, all of the above points indicate active involvement of the faculty members in teaching and research and they work even more than the required hours. Therefore, CAG is requested to drop this para in view of the above detailed note. In view of explanation above the para may be settled.</p>

Clause 31 of the General Condition of Contract for CPWD Works 2014 provides that the contractor shall make his/their own arrangement for water required for the work and nothing extra will be paid to him /them for the same.

Further Clause 31A of General Conditions of Contract for CPWD Works 2014 provides that water charges at the rate of one percent on the gross amount of the work done shall be levied, if the water is supplied by the department.

Scrutiny of the records of the department for the year 2017-18 revealed work as detailed below was allotted M/s B.D.S. Décor and Prefab[P] Ltd., Chandigarh for construction of porta cabins. Further no proof of arrangement of water made by the contractor was attached with the bills submitted for payment in respect of works. During the year gross work of Rs 67,98,572/- was executed but the water charges of 67,98,572/- were not deducted at the rate of one percent as envisaged in the rules ibid which was against the above referred clauses.

Sr. no	Name of the work	Original Contract Value Amount	Final amount	Water charges @ 1%

The work for Design, supply and erection of Porta Type Hostel Accomodation for 160 students was awarded to M/s B.D.S. Décor & Prefab pvt. Ltd., Chandigarh. As per the clause no. 28 of section iii, " Technical specification & specific condition of contract for Porta Type cabin structure for Hostel Accomodation" (Annexure B) the water required for construction was required to be arranged by the contractor themselves and hence. No amount on account of water charges was not arranged by the contractor themselves and hence. No amount on account of water charges was not arranged to be deducted from the firm. However, the contractor has been requested to provide documentary proof for arranging the construction water on its own. The same will be intimated to Audit after the receipt of documents by the University otherwise the recommended amount by CAG will be deducted from security amount lying with University.

In view of above, it is requested the above para may be considered by Audit and dropped.

Para 10

Non disposal of unserviceable articles amounting to Rs. 0.67 lakhs

2017-18

As per Rule 196 of General Financial Rules (GFR) an item may be declared surplus or obsolete or unserviceable if the same is of no use to the Ministry or Department. The book value, guiding price and reserved price, which will be required while disposing of the surplus goods, should also be worked out. A report of stores for disposal shall be prepared in Form GFR-10 consisting of particulars of stores, quantity/weight, book value/original purchase price, condition and year of purchase, mode of disposal, etc.

Further, as per laid down policy of Government, articles/items, if are not in use, should be disposed of after departmental procedure to avoid accumulation of such goods and consequential blockage of space and, also, deterioration in value of goods to be disposed of.

During test check of records of the O/o Registrar, Central University of Punjab at Bathinda for the year 2017-18 it was noticed that unserviceable/condemned articles amounting to Rs. 67500/- were lying in stores for disposal as on 31 March 2018 but no initiation was taken for auction of obsolete/unserviceable items. This delay leads to further deterioration of already decayed/obsolete articles and possibility of fetching reasonable revenue is reducing day by day.

File for declaring these items obsolete/ unserviceable is already under process, the final outcome will be submitted on the approval of C.A.

Other instructions of CAG team are noted for future compliance.

		<p>Further it has been observed that the report of unserviceable/ condemned articles was not prepared in GFR 17.</p> <p>On being pointed out in audit the Institute stated that due action will be taken to dispose off the unserviceable items. Final reply will be awaited in audit.</p>

The actual details such as number of column to be opened, the sub head and the detailed heads and such further detailed classification as may be required for the purpose of control, may be settled by the Accounts Officer and Controlling Officer to suit the conditions of each department or office.</p> <p>During the test check of the records the Central University of Punjab at Bathinda for the year 2017-18, it was found that no contingency bill register in the form G.A.R. 27 was maintained by the office. In the absence of which, the control on expenditure on Contingent Charges could not be ascertained in audit.</p> <p>On being pointed out in audit the Institute stated that point noted and register will be maintained and shown to audit at the time of next inspection.</p>	<p>In this connection , it is intimated that no expenditure is booked to contingency head. All the expenses are booked to proper head of account such as Printing &amp; Stationery, Electricity Exp., Telephone Exp. , etc. As the expenditure is booked to proper head of account directly, hence Contingency head is being not operated, so Para may please be settled.</p>

**Sub: Rajya Sabha Starred/Un-starred Parliamentary Question Diary No. S3986 to be replied on 12.03.2020 regarding "Concerns over Not Find Suitable".**

Sir,

With reference to your letter No. F.65-74/2020 (CU) Dated 4<sup>th</sup> March, 2020 on subject cited above.

In this connection, the desired information in respect of Central University of Punjab, Bathinda for the year 2019 is furnished as under:

S. No.	Question	Reply
(a)	Total number of cases in which Not Found Suitable (NFS) has been applied	25 (Twenty five) out of 95 (ninety five)
(b)	What is the rationale of NFS?	As per rule, Selection Committee recommends the suitable candidate only if the candidate secures at least 50% marks in the whole process of Interview. Generally, 3 to 4 External Experts/Members award marks on the basis of a) Research Aptitude & output b) domain knowledge of the subject based on presentational and discussion and c) Communication and Teaching skills in the whole interview process. However, in case none of the candidate secures 50% marks given by the External Experts/Members, the selection committee recommends 'NFS'. The Vice Chancellor and Visitor/Nominee do not award marks.
(c)	Whether there is any legal basis of NFS	The rule applicable to all in every interview.
(d)	Whether any steps have been taken by the University to tackle the arbitrariness and	Recommendations for NFS are based on the average marks given by the experts/members. Hence, there is no question of arbitrations.
(e)	Whether the Ministry is considering any alternative to hold common recruitment process for Central Universities to reduce the arbitrariness in the Interview Process?	It does not pertain to CUPB.

This is for your kind information please.
