1) Till date, no faculty at CUPB has been granted 6 non compounded advance increments.

The faculty members have been granted 3 or 5 non compounded advance increments as per UGC regulation 2010 and subsequent amendments. The teachers listed at Sr. No. 3 and 5 were granted only three increments that too were withdrawn at the time of implementation of 7th CPC. However their cases of granting 5 increments is under process.

2) Regarding clause No 10.5 given in Schedule for clause 6.8.0 of UGC Regulation 2010 which is being reproduced as under:-

All issues relating to grant of advance increments to teachers engaged in engineering/ technical courses in the university system shall be subject to recommendations of the Committee separately constituted by the Central Government for pay review of teachers in technical education.

In this regard it is clarified that only one teacher i.e. Dr. Satwinder Singh (Sr. No. 2) has been engaged in AICTE approved M. Tech Computer Sc. And Technology programmes. All other teachers in the table have been engaged in Science/ non- technical programmes. Moreover, funding and sanctioning authority of these departments is UGC. Therefore university is granting non-compounded advance increments as per provisions given in UGC Regulation 2010 and subsequent amendments.

As far the case of Dr. Satwinder Singh and other teachers in Departments of Computer Science and Technology are concerned, at present following two courses are being run in the department.

- i) M. Tech in Computer Science and Technology
- ii) M. Tech in Computer Science and Technology (Cyber Security)

Only the programme at Sr. No. 1 that is M.Tech in Computer Science And Technology is approved from AICTE.

It is also pertinent to mention that in 2010, the AICTE has also published * All INDIA COUNCIL FOR TECHNICAL EDUCATION (PAY SCALES, SERVICE CONDITIONS AND QUALIFICATIONS FOR THE TEACHERS AND OTHER ACADEMIC STAFF IN TECHNICAL INSTITUTIONS (DEGREE) REGULATIONS 2010*.

The AICTE Regulation 2010, has also provision for non- compounded advance increments in lines with the UGC Regulations 2010. (Copy of extract of AICTE Regulations 2010 is attached herewith).

So there is no requirement of recommendations of the Committee separately constituted by the Central Government for pay review of teachers in technical educations.

In view of above fact, it is clear that the university has not granted non- compounded advance increments to any teacher in contravention of provision given in UGC Regulation 2010, therefore, it is humbly requested that audit para 3 may kindly be dropped.

Associate Professor and Professor – 14 hours

Minimum of 6 hours per week may have to be allocated for research activities of a teacher.

Further no record was maintained to show that each teacher had worked 40 hours a week for 30 working weeks (180 teaching days) in an academic year. In the absence of proper records, compliance of UGC guidelines can't be verified in this regard.

On being pointed in audit the Institute stated that detailed reply will be sent to the para. Final reply will be awaited in audit.

3) It is pertinent to mention here that university through IQAC cell is conducting internal audit of all academic and administrative parameters by internal committees of the university. IQAC invites external experts of the level of Vice Chancellor, Directors and Professors to conduct external academic and administrative audit of the university. Such exercises are done to ensure the requirements of teaching load, practical, quality assessment through examination and evaluation of the teaching-learning process.

4) IQAC, which is very strong division of the university and is responsible for ensuring adherence to rules/ regulations and provides guidance to the university to improve quality at every step. Teaching load is also ensured during the process of recruitment of regular/contractual faculty members in the respective departments.

5) As far National Institutional Ranking Framework (NIRF) ranking, we are the only university amongst the new central universities to get the rank under 100, which was not possible in this competitive system of ranking. University ranked 95th in NIRF which depicts the hard work of the faculty members based upon their contribution for publications and it requires the use of university facilities, due to which they have to stay in university campus.

6) The university has adopted biometric system/cameras at entry gates/ attendance by security staff at entrance gate, to check the stay of faculty members in the university campus for minimum five hours daily. The teachers are available at least from 9:00 a.m. to 5:00 p.m. (8 hours) per day for research, research guidance, to prepare seminars, work for patents and for their research projects, etc.

7) No faculty member can afford not to remain in the campus for five hours. In fact, they spend more time and stay even at night. Many of the faculty members, especially from science also come to university even on Saturdays and Sundays. In comparison with any other university, Central University of Punjab has very highest faculty/ research project ratio.

8) We have very meritorious faculty who have completed the projects successfully i.e. why we get sponsors for the research projects. All the faculty members have research projects for which they have to work and their stay in the campus becomes inevitable.

9) The university also conducts audit for curriculum (syllabus) i.e. why MHRD has given us Pandit Madan Mohan Malaviya National Mission on Teachers and teaching (PMMNMTT) project and Centre for Curriculum Design and Development is established to work on curriculum at national level. The curriculum audit is conducted every year. In the curriculum audit, completion of syllabus by all the faculty members is ensured by the committee.

10) H-index (Parameter to assess quality of research) of the university is highest amongst new central universities. This is possible only with the active involvement of faculty in research.

			<p>11) In Central University of Punjab, interaction of faculty with the students is ensured through mentoring system. The university has adopted mentoring system and about 5-8 students are allotted to each faculty for mentoring. Mostly students are from outside state and to enable them to seek guidance, teachers remain available in the campus for their help.</p> <p>12) The time table of the whole university is attached herewith for your perusal.</p> <p>However, all of the above points indicate active involvement of the faculty members in teaching and research and they work even more than the required hours. Therefore, CAG is requested to drop this para in view of the above detailed note. In view of explanation above the para may be settled.</p>

The book value, guiding price and reserved price, which will be required while disposing of the surplus goods, should also be worked out. A report of stores for disposal shall be prepared in Form GFR-10 consisting of particulars of stores, quantity/weight, book value/original purchase price, condition and year of purchase, mode of disposal, etc.

Further, as per laid down policy of Government, articles/items, if are not in use, should be disposed of after departmental procedure to avoid accumulation of such goods and consequential blockage of space and, also, deterioration in value of goods to be disposed of.

During test check of records of the O/o Registrar, Central University of Punjab at Bathinda for the year 2017-18 it was noticed that unserviceable/condemned articles amounting to Rs. 67500/- were lying in stores for disposal as on 31 March 2018 but no initiation was taken for auction of obsolete/unserviceable items. This delay leads to further deterioration of already decayed/obsolete articles and possibility of fetching reasonable revenue is reducing day by day.

File for declaring these items obsolete/ unserviceable is already under process, the final outcome will be submitted on the approval of C.A.

Other instructions of CAG team are noted for future compliance.

		<p>Further it has been observed that the report of unserviceable/ condemned articles was not prepared in GFR 17.</p> <p>On being pointed out in audit the Institute stated that due action will be taken to dispose off the unserviceable items. Final reply will be awaited in audit.</p>	
2017-18	<p>Para 11</p> <p>Non preparation of Contingency Bill Register in the form of GAR 27.</p>	<p>As per rule 110(1) of Receipt and Payment Rules, a contingency bill register is to be maintained in the form of Govt. Accounting Rules 27. In this respect it is stated that a register of contingent expenditure that be kept in each office and initial of Head of Office or of a Gazetted Officer to whom the duty has been delegated by the Head of Office shall be entered against the date of payment of each item.</p> <p>The standard form of the Contingent Register will be as in form GAR 27. The actual details such as number of column to be opened, the sub head and the detailed heads and such further detailed classification as may be required for the purpose of control, may be settled by the Accounts Officer and Controlling Officer to suit the conditions of each department or office.</p> <p>During the test check of the records the Central University of Punjab at Bathinda for the year 2017-18, it was found that no contingency bill register in the form G.A.R. 27 was maintained by the office. In the absence of which, the control on expenditure on Contingent Charges could not be ascertained in audit.</p> <p>On being pointed out in audit the Institute stated that point noted and register will be maintained and shown to audit at the time of next inspection.</p>	<p>In this connection , it is intimated that no expenditure is booked to contingency head. All the expenses are booked to proper head of account such as Printing & Stationery, Electricity Exp., Telephone Exp. , etc. As the expenditure is booked to proper head of account directly, hence Contingency head is being not operated, so Para may please be settled.</p>
2017-18	<p>Para 12</p> <p>Non maintenance of Stock registers as per GFR 23</p>	<p>As per rules 211(ii) of GFR, Separate account shall be kept for (i) Fixed assets such as plant, machinery, equipment, furniture, fixtures etc. in the Form GFR-22 and consumables such as office stationery, chemicals, maintenance spare parts etc. in the Form GFR 23.</p> <p>Rule 211(ii) of GFR state that the inventory for fixed assets shall be ordinarily be maintained at site. Fixed assets should be verified at least once in a year and the outcome of the verification recorded in the corresponding register. Discrepancies, if any shall be promptly investigated and brought to account. A certificate of verification along with the findings shall be recorded in the stock register. Discrepancies, including shortages, damages and unserviceable goods, if any, identified during verification, shall immediately be brought of competent authority.</p> <p>During test check of records of the Central University of Punjab at Bathinda for the year 2017-18 revealed that the stock registers have not been maintained as per GFR 2017. Further fixed stock items Institute needs to be cross tallied with every wing/section of the Institute and with reference to other purchases made during the financial year. Further neither committee was constituted for physical verification nor physical verification was conducted for fixed assets as required under the rules ibid.</p> <p>On being pointed out in audit the Institute stated that point noted for compliance and needful will be done. Final action will be awaited in audit.</p>	<p>New Stock registers (containing formats as per GFR-22 and GFR 23) as approved by C.A. have already been implemented by the university vide Notification No. CUPB/S&P/ 2018-19/ 754 dated 13.08.2018.</p> <p>Physical verification for the year 2017-18 vide Notification No . CUPB/RO/Estb./2018/ Notification/723 dated 09.04.2018 has already been done and the file was shown to CAG team by the Estate Officer / Consultant (S&M).</p> <p>Other instructions of CAG team are noted for future compliance.</p>
