The Chairman of BAC stated that this final date of completion was not acceptable as CUPB would require the campus much earlier to commence the new session of 2018-19 from the Main Campus. The members were of the view that since the structures were near completion therefore the contractor must complete the balance work within the next 9 months. EIL was advised to revise the completion date to 31.03.2018 and also take the contractor in confidence. The Chairman stated that he has already advised the Architect that no RCC Jaali would be permitted in the Academic Block due to the fact that they require high level of maintenance. As regards the pavilion, the member advised that this block should be restricted to five floors and it should be enclosed space with aluminium glazing for usage by CUPB for various purposes. Further these spaces should have electrical lights, fans and provision for Air-conditioning. The Architect was advised to revise the drawings and put up with in the next seven days. As regards Jalli at other places other alternative including MS Jaali would be considered and Architect to submit the details accordingly.
