*Why this has become
an agenda item?
Dean SHS*

*this is the
duty of a teacher to
take class for the
purpose he/she is
appointed for. this cannot
be a request.
We all have to strictly
follow this.*

This meeting was about the class adjustment during the type of leave by faculty members. As a relative subject "taking class" was mentioned in the context. All our faculty members are much aware of their responsibilities and taking the classes as per time table.
