**To note the reply/
Clarification of the
University submitted to
UGC with respect to the
observation made by
Prof. Alok Kumar Rai,
Visitor's Nominee on
Selection Committee**

The Secretary informed that Prof. Alok Kumar Rai, Visitor's Nominee on Selection Committee for appointment of Teaching position in Central University of Punjab had made some observations.

His observation relating to ongoing recruitment process are as follows:-

- (a) *"The candidate's shortlisting has not been done in accordance with the UGC's laid down norms while awarding marks for experience. Marks were awarded to the candidates whose salary were not in grade as per any of the pay commission i.e even consolidated salary and adhoc/contractual employees were also awarded marks." "While assessing candidate's experience, clause 10 of UGC's guidelines 2018 has not been followed."*
- (b) *While providing credit for publications, UGC's letter F.1.-1/2018 (Journal/CARE) dated 16th September, 2019 has not been followed.*

The observation made by the Prof. Alok Kumar Rai were examined in detail by the University and reply was submitted to UGC vide letter No. CUPB/CC/RO/19/1603 dated 7th November 2019. The reply is self-explanatory. (Annexure-35.121 {Page 567-572})

In the above reply, first of all, the UGC was apprised that the screening and selection of faculty at the Central University of Punjab are made in consonance with the

UGC (Minimum Qualifications for Appointment of Teachers and Other Academic Staff in Universities and Colleges and other measures for the Maintenance of Standard in Higher Education) Regulations, 2018 as well as Regulations of the Other Regulatory Bodies such as NCTE/PCI/AICTE etc.

Secondly, the UGC was apprised that till 21st October 2019 selection for 65 teaching posts have been completed and with the approval of Academic Council and Executive Council. The external experts of the Selection Committee (Sciences) comprises mostly the Fellow of National Academies and of academic eminence. For non-sciences subject (humanities, languages) mostly the ICSSR/Sahitya Academy Council members or well-known academicians in respective fields were invited as external expert.

Thirdly, the UGC was also apprised that selection for 65 teaching posts were made in 6 phases till 21st October 2019 and in all the first five phases, the Visitor's nominees were satisfied with the whole process and even appreciated the Vice-Chancellor in the presence of subject experts for the University's transparent recruitment process. However, in the last phase of recruitment process i.e. on 19th October 2019; 20th October 2019 and 21st October 2019, Prof. Alok Kumar Rai was a Visitor's nominee and he raised some general observations on the selection process being carried out by the University for the reasons best known to him.

It was informed that the University in the above reply brought all the facts in brief before UGC for kind considerations along with enclosure, with respect to the observation made by Prof. Alok Kumar Rai.

Further, the University felt the need of the hour and Registrar (officiating) and In-charge Recruitment visited UGC and met the officers of UGC on 22nd November 2019. The matter in totality was discussed with Dr. N. Gopukumar, Joint Secretary, UGC and he was explained the complete process of screening of applications and the observations of the Visitor's Nominee. Dr. N. Gopukumar was satisfied with the screening process of the CUPB.

The matter was also discussed with Smt. Chandra Prabha Gaur, Under Secretary, UGC and she was of the view that the screening process carried out by the CUPB seems satisfactory as apart from counting the experience (on regular basis), CUPB is counting the full time experience of the candidates for Associate Professor and Professor

keeping in view the Basic + DA (for contractual appointee). She was also satisfied with our logic to count the contractual experience of candidates as it is not a part of the eligibility, but it is just for short-listing, as per Table 3A of the UGC Regulations, 2018. Smt. Chandra Prabha also informed us that same such issues are also being put up in the UGC's Anomaly Redressal Committee; and shortly the UGC will issue a Public Notice in this regard. She also assured us to reply to our letter shortly.

The report on meeting with officers of UGC was also submitted to Competent Authority of the University (Annexure-35.122 {Page 573-572}).

RESOLVE:

The Executive Council examined the justification submitted by the University to the UGC and after detailed deliberation was of the unanimous view that the contents/justification submitted by the University are as per UGC Regulations. The Executive Council RESOLVED to approve the action taken by the University.

The University has reached near final stage of construction for Phase I (a and b) Projects. Non availability of sanctioned funds would stall the construction work and would further delay the completion of main campus of the University. UGC vide its letter No. F.1-3/2017(CU) dated 21 September 2017 had tentatively allocated 120.62 crore for building projects to the University. The present position of funds from this allocation is placed below:-

Allocation recommended for building projects by UGC	Amount allowed by the Committee for the year 2017-18 against recommended allocation of Rs. 120.62 Crore by UGC	Amount received in 2017-18	Balance
120.62	79.00	35.00	85.62

Of the Rs. 79 Crore (as above) the University received Rs. 35 crore in FY 2017-18 vide letter No. F. 43-3/2017 (CU) dated 27.09.2017 (Rs. 44 Cr. is awaited). The overall balance amount of Rs. 85.62 crore (120.62 - 35) is pending.

At present the structure work of various buildings are completed while the building finishing are in progress. The work for furnishing and making the campus operational will get affected/further delayed in the absence of funds.

You are requested to release the balance fund of Rs. 85.62 crore sanctioned from the amount of Rs. 120.62 crore as referred above. If it is difficult at the moment, please release atleast Rs. 44 Cr. (balance of the sanctioned amount of Rs. 79 Cr.)

Sub: Request for enhancement of salary.

Respected Sir,

With utmost regard, it is requested that I am serving this esteemed University as Sports Officer on contract basis since July 2013 on fixed emoluments. I am working in this University with full of my dedication and enthusiasm.

Details of salary drawn by me is as under:

- 1. From July 2013- November 2017 : Rs. 25000/- per month
- 2. From November 2017 : Rs. 38000/- per month

Since, during last two years there is no increase in my salary at this University. However, dearness has been increased in manifolds.

It will also be appropriate to mention here that 7th CPC is implemented for regular employees of the University. In addition to the above, it is also worth mentioning here that salaries of the teaching staff appointed recently have been offered the fixed salaries with much hike to their existing salaries. It is assumed that they have been offered the salaries after taking into consideration the 7th CPC.

In view of the above, it is therefore prayed that either I may please be placed in regular scale of pay or my salary may please be enhanced keeping in mind revision of pay as per 7th CPC.

I shall be highly thankful for this act of kindness.

Date: 01.05.2019

OFFICE MEMORANDUM

Subject: Implementation of the recommendation of 7th CPC on Over Time Allowance - reg.

The undersigned is directed to say that as per Dept. of Expenditure's Resolution No. 11-1/2016-IC dated 06.07.2017, following is the decision of Government on Overtime Allowance (OTA):

"Ministries/Departments to prepare a list of those staff coming under the category of 'Operational Staff'. Rates of Overtime Allowance not to be revised upwards".

2. Further it has been clarified by the Dept. of Expenditure that the Government has decided that given the rise in the pay over the years, the recommendations of the 7th CPC to discontinue OTA for categories other than Operational Staff and industrial employees who are governed by statutory provisions may be accepted.

3. Accordingly, it has been decided to implement the aforesaid decision of the Government on Overtime Allowance across all the Ministries/Departments and attached and subordinate office of the Government of India. The following definition shall be used to define Operational Staff.

"All non-ministerial non-gazetted Central Government servants directly involved in smooth operation of the office including those tasked with operation of some electrical or mechanical equipment."

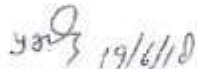

4. The concerned Administration Wing of the Ministries/Departments will prepare a list of operational Staff with full justification based on the above parameters for inclusion of a particular category of staff in the list of operational staff with the approval of JS (Admn.) and Financial Adviser of the concerned Ministry / Department.

5. The grant of OTA may be linked to biometric attendance subject to the conditions mentioned below.

a) OTA should be paid only when his/her senior officer directs the concerned employee(s) in writing for staying back in office to attend urgent nature of work.

(Contd.....)

- b) The OTA will be calculated on the basis of biometric attendance.
- c) The OTA for Staff Car Drivers should be linked with biometric system as normally, the designated parking is allotted in the office building. However, in cases where the parking lot is provided far from office, the Staff Car Driver would mark his/her attendance while leaving from his office and a grace time of not exceeding 2 hours should be allowed to cover the distance travelled after leaving office, including the time to drop the officer and then reaching the parking lot. In such cases, calculation can be done from log books, duly verified by the officer concerned.
- d) The OTA to field officials should be calculated on the basis of biometric attendance, as normally, such officers are given facility of official transport to attend the field work. Such officers are supposed to report in office before proceeding to field. In cases, where officials are required to attend the field work directly from home, they may be extended facility of official transport from home in lieu of transport allowance and OTA may be given on the basis of the log book of that vehicle, duly verified by their senior officers.
6. Since, the Government has decided not to revise the rates of OTA, the rates as prescribed in this Department's OM dated 19th March, 1991 for Office Staff, Staff Car Drivers and Operative Staff will continue to operate subject to their fulfillment of the above conditions.
7. All the existing instructions, except to the extent superseded by this O.M., will continue to remain in force.
8. These instructions will be applicable with effect from 01 July, 2017.
9. In so far as persons serving in the Indian Audit and Accounts Department are concerned, these instructions are being issued after consultation with the Comptroller & Auditor General of India.

Subject: Recommendations for the recruitment of Senior Technical Assistant (Computer)

A meeting of the committee constituted for the recruitment of senior technical Assistant (computer) was held on 17 July 2016. The chairman of the committee apprised the members that competitive exam comprising general knowledge, mental ability, computers, general science, and domain knowledge (questions specific to instruments) etc. will be conducted and based on the marks of this test (40%) along with experience (20%) and educational qualification (40%) final selection will be made.

The external expert committee member apprised that the work of senior technical assistant involves handling of networking and computer hardware and software related issue. The person should be highly expert in configuring latest devices such as routers, switches, UTM etc. Hence, the practical hand/knowledge and experience of handling these equipments is must. The committee members agreed with the views of expert. Further, it was also discussed that since the University has to shift in new campus in a year where the internet – network, servers and other devices need to be installed; hence the candidate should be technically and practically sound. Further in order to take telephonic technical support, the senior technical staff should have good communication skills in English.

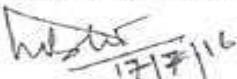

Further the committee was of view that it is not possible to judge the practical knowledge and communication skill of candidates on the basis of their theoretical objective type exam. The members were of the view that initial theoretical objective exam can be conducted to shortlist the best candidates but the selection procedure must involve practical skill test and interview to judge the practical equipment handling knowledge and communication skill of the candidates.

On the issue, registrar CUP (member of this selection committee), informed that in order to adopt the above discussed method, there will be requirement of changes in CRR rules. The process may take 6 -12 months and during such period the work of university will suffer.

Keeping in view of above, the committee was of the view that since the candidates has already been called for competitive exam and there is requirement of the technical staff in the computer centre, the candidates through already adopted method may be appointed on contractual basis initially for 6 months or for the time till regular appointment is made as per university rules.

Recommendations of the committee

1. The recruitment of Senior Technical Assistant (Laboratory) may also involve practical instrument/equipment handling test and interview.
2. The candidates selected through present procedure may be appointed on contractual basis for 6 months or till regular appointment whichever is earlier as per university rules. However, reappointment after 6 months will be based on performance.

PROCEEDINGS OF THE COMMITTEE MEETING

Dated: 11.06.2018

Time: 09:30 a.m.

Venue: Conference Room, Administrative Block, CUPB

A meeting of the committee constituted vide Notification No. CUPB/RO/Estab./2018/Notification/778 dated 07.06.2018 to look into the issue w.r.t. grant of non-compounded advanced increments to the faculty who have acquired the Ph.D degree without course work prior to 2009, was held on 11.06.2018 at 09:30 a.m. in the Conference Room, Administrative Block, Central University of Punjab, Bathinda under the Chairmanship of Dr. Balwan Gautam, Professor, Ambedkar Chair, Central University of Himachal Pradesh.

The following were present during the meeting.

1. Dr. Balwan Gautam, Professor, Ambedkar Chair, Central University of Himachal Pradesh-
Chairman
2. Dr. Rekha Kalia Bharadwaj, Former Registrar, DAV University Jalandhar
3. Prof. V. K. Garg, Dean, School of Environment and Earth Sciences, Central University of
Punjab, Bathinda
4. Prof. Anjana Munshi, Professor, Department of Human Genetics and Molecular Medicine,
Central University of Punjab, Bathinda

The Committee members deliberated on the issue in details. The committee noted that UGC REGULATIONS ON MINIMUM QUALIFICATIONS FOR APPOINTMENT OF TEACHERS AND OTHER ACADEMIC STAFF IN UNIVERSITIES AND COLLEGES AND MEASURES FOR THE MAINTENANCE OF STANDARDS IN HIGHER EDUCATION, 2010 Notified vide no. F.3-1/2009 dated 30 June 2010 clause 9.0 INCENTIVES FOR PH.D/M.PHIL AND OTHER HIGHER QUALIFICATION sub clause 9.1 *Five non-compounded advanced increments shall be admissible at entry level of recruitment as Assistant Professor to persons possessing the degree of Ph.D awarded in a relevant discipline by the University following the process of admission, registration, course work and external evaluation as prescribed by the UGC.*

However, it has nowhere been mentioned in the said guidelines that Ph.D should be awarded as per UGC 2009 regulation for award of the Ph.D increments. Otherwise also, it is very unjustified to demand that Ph.D should be as per UGC regulations 2009 in June 2010. Hence, there are anomalies in the guidelines.

Establishment section of the University appraised the committee members that clarification from UGC was sought w.r.t. grant of five non-compounded increments to the faculty who were enrolled for Ph.D prior to these guidelines vide University letter No. CUPB/RO/Estab./2018/UGC/2605 dated 15.02.2018 followed by a reminder no. CUPB/CC/18/UGC/2751 dated 13.03.2018. However, no reply from UGC has been received so far.

The committee noted that two faculty members along with Registrar of the University on 02.04.2018 held a meeting with UGC Officials at UGC Office and discussed the matter w.r.t. provisions of course work for award of Ph.D advanced increments. The committee noted the minutes of the meeting dated 02.04.2018 that *UGC 2009 guidelines are prospective and not retrospective in nature. Course work is not prerequisite for the award of five non-compounded advanced increments to those Assistant Professors who are registered for Ph.D programme prior to July 11, 2009 (date of notification). In their case, five increments should be awarded by the provision of*

the then existing Ordinance/Bylaws/Regulation of the Institutions regardless of their Ph.D complying with UGC 2009 guidelines for the award of Ph.D.

The committee also noted the Gazette of India Notification 11 July 2016 part-III section 4 para 3 that degree of candidates registered for the M.Phil/Ph.D programme prior to July 11, 2009, shall be governed by the provisions of the then existing ordinance/Bylaws/Regulations of the Institutions awarding the degree.

After the publication of UGC Regulations 2010 there are following categories of the concerned:

- Ph.D students who were enrolled/registered for Ph.D programme prior to 11 July 2009 were not required to do course work as the course work was not mandatory as per the then guidelines.
- Ph.D students who have submitted Ph.D thesis prior to 11 July 2009 were not required to do course work as the course work was not mandatory as per the then guidelines.
- Ph.D students who are awarded the Ph.D degree before 11 July 2009 are not required to do course work as per the then guidelines.
- The Ph.D students who were registered/enrolled for Ph.D before July 2010 and have done Ph.D according to old rules & regulations were not required to do the Pre-Ph.D course.

After due deliberations on the issue in light of UGC guidelines and subsequent gazette notifications issued from time to time, the committee was of the view that the Assistant Professors who have been enrolled/ submitted/ awarded Ph.D degree prior to 11 July 2009 and those who enrolled before July 2010 should be granted 5 non-compounded advanced increments at their entry level subject to the following:

1. The concerned Assistant Professors shall apply at individual level for grant of five non-compounded advanced increments
2. An undertaking by the concerned be given that in case of any objection/anomaly/issue arises w.r.t Ph.D advanced increments the benefits of advanced increments shall be withdrawn and recovery thereof be initiated.

The committee emphasised that Government of India, Ministry of Human Resource Development, Department of Higher Education letter No. No.1-712015-U.II(1) dated 2nd November, 2017, para 8 has withdrawn the benefits of non-compounded advanced increments, the same shall not be extended to the faculty who joined the University on or after 01.01.2016 at their entry level.

The committee ended with thanks to the chair.

Sub: Minutes of the meeting of committee constituted to examine the whole issue related with grant of non compounded advance increments to assistant professors in lieu of their possessing of Ph.D/M.Phil/LLM/M.tech degree.

The meeting of the committee (constituted by the 29th EC vide agenda item no. EC.29.2018.31), was held on 05.05.2019 at 02:00 pm in the Conference Room, Administrative Block of the University. Following members were present in the meeting:

After thorough examination of whole issue, the committee resolved to recommend the following:

- 1. On the issue of applicability of UGC public notice vide F.No. 28-9/2018(PS/Misc) dated 07.12.18 and the previous decision of the special meeting of the EC held on 11-06-18**

The committee observed that it will be very difficult for faculty members (who completed/enrolled/registered Ph.D degree before 11-07-2009) to fulfil all the conditions mentioned in UGC public notice vide F.No. 28-9/2018(PS/Misc) dated 07.12.18 retrospectively.

In view of this the committee recommended that the five non-compounded advance Ph.D. increments and benefit of number of years required for promotion under CAS to such Ph.D. holders, who completed/enrolled/registered Ph.D degree before 11-07-2009, shall be admissible if the following three conditions are met:

- Ph.D. degree of the candidate was awarded in regular mode only.*
- Evaluation of Ph.D. thesis by at least two external examiners.*
- Open Ph.D. viva voce has been conducted.*

2. On the issue regarding grant the advance increments in lieu of Ph.D as the university advertises the minimum eligibility condition for Ph.D. as NET + Ph.D.

The committee recommended that as per UGC regulations , the Assistant Professor appointed in CUPB who possess the Ph.D. degree are eligible for Ph.D. increments.

3. On the matter regarding date of admissibility of non-compounded advance increments to faculty members who were initially appointed on contract in CUPB (on full pay scale) and later appointed on regular basis without any break.

The committee recommended that legal advice on the matter can be taken from a university empanelled advocate/counsel. The legal advised so received from counsel should be placed before the executive council for consideration.

SUBJECT : LEGAL OPINION REGARDING QUERY SUBMITTED BY DEPUTY REGISTRAR, CUPB IN LETTER BEARING NO. 0822 DATED 05/07/2019

Sir,

As desired, hereby find detailed below, the Legal Opinion on the Query submitted by Deputy Registrar, CUPB, Bathinda.

QUERY NO. (i)

- (i) WHETHER THE FACULTY MEMBERS ARE ENTITLED TO GET THE BENEFITS OF SAID INCREMENTS FROM THE DATE OF THEIR CONTRACTED PAST SERVICE ON FULL SCALE AT CUPB OR FROM THE DATE OF THEIR REGULAR APPOINTMENT?

Before interpretation of the said query, it shall be pertinent to deliberate upon the relevant provisions of law governing the said situation. CUPB has to follow the legal principles settled by the Hon'ble Supreme Court, more specifically, by the Constitutional Bench in this regard. As per the documents provided by CUPB, the initial appointment of the Faculty members was not in accordance with the recruitment Rules. The Faculty members were working on purely temporary and contractual basis as Assistant Professors on the Full pay scale of Assistant Professors for considerable length of time.

It has to be borne in mind that mere length of service, however short or long, cannot be a ground for seeking Regularization or permanent absorption. All appointments are to be made only under the Constitutional scheme and by following the recruitment Rules in force. Equal opportunity in public employment is a Constitutional mandate. regularization or permanent absorption, the constitutional rights of other millions of people, who are aspiring or waiting for securing the public employment through open competitive process has to be considered.

Every citizen of this country has the right to compete in the matter of appointment against some vacant post. Thus, the appointments made should not be illegal. Where a person employed under the open competitive process of prescribed qualifications and was working against the sanctioned posts, he had been selected without undergoing the open competitive process, such appointments are considered to be irregular.

The Supreme Court in "Secretary, State of Karnataka vs. Umadevi", reported in "(2006) 4 SCC 1", has held that regularization cannot be a method of recruitment unless the petitioner has the case for absorption. The Hon'ble Supreme Court of India in Civil Appeal Nos.2726-2729 of 2014 and referred the case between State of Karnataka and others vs. Uma Devi and others in AIR 2006 SC 1806, held as under:-

"There is no fundamental right in those who have been employed on daily wages or temporarily or on contractual basis, to claim that they have a right to be absorbed in service. As has been held by this Court, they cannot be said to be holders of a post, since, a regular appointment could be made only by making appointments consistent with the requirements of Articles 14 and 16 of the Constitution. The right to be treated equally with the other employees employed on daily wages, cannot be extended to a claim for equal treatment with those who were regularly employed. That would be treating unequals as equals. It cannot also be relied on to claim a right to be absorbed in service even though they have never been selected in terms of the relevant recruitment rules."

Every qualified citizen has a right to apply for appointment, the adoption of the concept of rule of law and the scheme of the Constitution for appointment to posts. The approving of such acts also results in depriving many of their opportunity to compete for public employment. A powerful statement is made by the Constitution Bench in respect of providing equal opportunity and in respect of implementing the equality clause enshrined under Article 14 & 16 of the Constitution. The Hon'ble Supreme Court of India has emphasized that it cannot also be forgotten that it is not the role of the Courts to ignore, encourage or approve appointments made or engagements given outside the constitutional scheme.

Thus, it is clear that adherence to the rule of equality in public employment is a basic feature of our Constitution and since the rule of law is the core of our Constitution, a court would certainly be disabled from passing an order upholding a violation of Article 14 or in ordering the overlooking of the need to comply with the requirements of Article 14 read with Article 16 of the Constitution. The appointment is required to be made in terms of the relevant rules and after a proper competition among qualified persons. If it is a contractual appointment, the appointment comes to an end at the end of the contract, if it were an engagement or

[Handwritten signature]

appointment on daily wages or casual basis, the same would come to an end when it is discontinued. Similarly, a temporary employee could not claim to be made permanent on the expiry of his term of appointment. It has also to be clarified that merely because a temporary employee is continued for a time beyond the term of his appointment, he would not be entitled to be absorbed in regular service or made permanent, merely on the strength of such continuance, if the original appointment was not made by following a due process of selection as envisaged by the relevant rules.

But on that ground alone, it would not be appropriate to jettison the constitutional scheme of appointment and to take the view that a person who has temporarily or casually got employed should be directed to be continued permanently. By doing so, it will be creating another mode of public appointment which is not permissible.

The rule of law compels the State to make appointments as envisaged by the Constitution. There are so many waiting for employment and an equal opportunity for competing for employment and it is in that context that the Constitution as one of its basic features, has included Articles 14, 16 and 309 so as to ensure that public employment is given only in a fair and equitable manner by giving all those who are qualified, an opportunity to seek employment. Adherence to the rule of equality in public employment is a basic feature of our Constitution and it is further clarified that adherence to the rule of equality in public employment is a basic feature of the Constitution, certainly, no person can evade the principles in this regard and therefore, appointment in accordance with the recruitment rules in force by the competent authorities is the constitutional mandate and any deviation to be construed as violation of the constitutional principles.

But if it is a contractual appointment, the appointment comes to an end at the end of the contract. If it were an engagement or appointment on daily wages or casual basis, the same would come to an end when it is discontinued. Similarly temporary employee could not claim to be made permanent on the expiry of his term of appointment as a matter of right. It is also clarified that a temporary employee who is subsequently absorbed as Permanent employee, does not makes him eligible for the incentives or increments available to regular employees, if the original appointment was not made by following a due process of selection as envisaged by the relevant rules.

The invocation of the doctrine of legitimate expectation cannot enable the employees to claim that they must be made permanent or they must be regularized in the service though they had not been selected in terms of the rules for appointment. The theory of legitimate expectation cannot be successfully advanced by temporary, contractual or casual employees.

Where the appointments are not made or continued against sanctioned posts or where the persons appointed do not possess the prescribed minimum qualifications, the appointments will be considered to be illegal. *But where the person employed possessed the prescribed*

[Handwritten signature]

qualifications and was working against sanctioned posts, but had been selected without undergoing the process of open competitive selection, such appointments are considered to be irregular.

Opinion

After perusing all the Rules and Provisions of various acts as well as various pronouncements made in this regard by the Hon'ble Supreme Court of India by its Constitutional Bench and after perusing the factual inputs from CUPB vide their letter dated 05/07/2019, I am of the considered opinion that the said Faculty members are only entitled to receive the benefits of the said increments from the date of their Regular Appointment and Not from the date of their Appointment on Contractual basis on full pay scale.

A Legal Opinion on the above cited Query is submitted herewith.

Warm Regards,

RAM PRAKASH BAMBAH AWARD

[HISTORIC TOUCH TO THE AWARD: Instituting an award in the honor of a living person by a living individual affirms a special bond between two of them. Moreover, this recognizes a long-term impact of one person on the life of the other. It is a way of showing gratitude publicly. That is how I have felt for several years about Professor R. P. Bambah (1925-). During 1960-61, I was his student in MA Part II in the Mathematics Department of Panjab University, Chandigarh. He taught a course on the Theory of Numbers, an area of his specialization. It became my natural choice in my first (1963) of the three attempts for my PhD degree.

Dr. Bambah is absolutely unique in the world of Mathematics. He was a par excellent student of mathematics, a seminal researcher, and a successful administrator - a rare combination amongst mathematicians. For years, he served as the Head of the Mathematics Department and raised its profile to national fame, then Dean of University Instructions, and finally as the Vice Chancellor of Panjab University Chandigarh (1985-91). He was the president of the Indian Mathematical Society. For many years, he was one of the five trustees of the *Tribune* (Est. 1881). His list of honors include membership in the Indian National Science Academy, and the investiture of the Padma Bhushan, a civilian award of the Government of India. Therefore, the spirit of this award is to recognize sheer excellence in mathematics - without any consideration of age, caste, religion, economic status, gender, sexual orientation, regional affiliation, and national origin.]

THE 2017 AWARDEE - Diksha Garg

On the verification and recommendation of Dr. Gauree Shanker, Head of the Mathematics and Statistics Department of Central University of Punjab, Bathinda, it is my pleasure to recognize Diksha Garg, as the winner of the 2017 Ram Prakash Bambah Award for being the top student in the MSc batch who passed in 2017. In addition to a cash award of Rs. 5000.00, is also presented this testimonial of record. I wish continued mathematical success.

CU-PUNJAB ADVERTISED FOR VARIOUS NON TEACHING POSTS UNDER DIRECT RECRUITMENT INCLUDING THE LOWER LEVEL POST OF LDC / MTS VIDE ADVT. No. CUPB/19-20/04 dated 22.05.2010 FOR WHICH THE LAST DATE OF APPLICATION IS 25.06.2010.

AS PER THE ADVT. THE CANDIDATE HAS TO PAY APPLICATION FEES OF RS. 600/- WHILE FILLING THE ONLINE APPL FORM.

AS PER DOPT-GOI OM No. 39020/03/2009-Estt (B) DATED 03.08.2010, FULL FEES EXEMPTION MAY BE ALLOWED TO WOMEN CANDIDATES FOR ANY RECTT EXAM/ TEST/INTERVIEW BY CENTRAL GOVT. DEPT INCLUDING AUTONOMOUS BODIES.

BUT IN THE ABOVE REFERRED ADVT, WOMEN CANDIDATES HAS NOT BEEN EXEMPTED FROM PAYMENT OF APPL FEES WHICH IS IN CONTRAVENTION TO THE DOPT ORDER AND GOI GUIDELINES.

IT IS ALSO NOT RATIONAL WHILE FIXING THE HIGH APPLICATION FEES OF RS. 600 FOR BOTH LOWER AND HIGHER LEVEL POST. PROPORTIONATE LOWER FEES MAY BE FIXED FOR LOWER LEVEL POST LIKE LDC/MTS. PRACTICALLY, WHETHER AN UNEMPLOYED YOUTH WILL ABLE TO PAY RS. 600/- TOWARDS APPLICATION FEES FOR A MERE POST OF LDC / MTS WHEN HE IS UNEMPLOYED. APPLICATION FEES UP TO RS. 100/200 MAY BE JUSTIFIED BUT RS.600 IS A VERY BURDEN AND DISCOURAGEMENT TO THE POOR AND TALENTED UNEMPLOYED YOUTH OF OUR COUNTRY. FIXING OF SUCH HIGH APPLICATION FEES IN THE NAME OF AUTONOMY IS NOT CORRECT.

HENCE, I REQUEST YOU TO INTERVENE AND PERUSE IN THE MATTER IN THE INTEREST OF POOR UNEMPLOYED YOUTH / WOMEN CANDIDATES WHO HAD BEEN DEPRIVED TO APPLY DUE TO HIGH APPLICATION FEES. PLEASE PUT HOLD ON THE ABOVE ONGOING ADVT AND REDUC THE FEES / GRANT FEES EXEMPTION TO WOMEN AFTER CAREFUL CONSIDERATION.

Sub:

1. Promotion under CAS where past service has been counted for large duration
2. Counting of past service when there is break in the previous services

Respected Sir,

As per resolve of the 34th meeting of the Executive Council held on 06-05-19, I am directed to approach you regarding the request of some faculty members wherein their past service had already been counted for a period of more than four years, by the University for Purpose of CAS.

Now, these faculty members have requested that they should be notionally promoted under CAS from AGP 6000 to AGP 7000 from back date. In view of their past service if notional promotion is considered then these faculty members will be eligible for promotion under CAS even before date of joining at CUPB.

In these cases, on the recommendation of the selection committee, the appointment was offered on initial pay.

The matter was put up in the 34th meeting of the Executive. The EC has resolved that the university should write to UGC for obtaining clarification (in principle) on the following points:

1. When the past service had been counted for long duration i.e. for more than four years, in such cases can the university grant the promotion under CAS notionally from back date i.e. even before the date of joining on regular basis in CUPB.?
2. Can the university promote a teacher under CAS from date of joining in the university in case his/her past service has been counted for a period more than four years?
3. Can the university grant promotion under CAS before the date of confirmation in the university?
4. In addition to above it may also be clarified that can the university count previous services in case there is break(s) in between the two services. The clause No. 10.0 of UGC Regulation 2018 is silent on the issue of breaks while counting of past service.

In view of above it is humbly requested that clarification on above issued may kindly be given so that matter can be put up in the next meeting of the Executive Council.

Yours Sincerely

Subject: Clarification regarding counting of past service - reg.

Sir,

With reference to your letter No. CUPB/CC/RO-129/2019/UGC/0775 dated 28th June, 2019 on the subject cited above, I am directed to furnish the following observations on the issues raised therein:-

S.No	Query	Remark
1.	When the past service has been counted for long duration i.e. for more than four years, in such cases can the university grant the promotion under CAS notionally from back date i.e. even before the date of joining on regular basis in CUPB?	1 & 4). In this connection it is mentioned here that the past service rendered by a teacher can be counted for promotion and direct recruitment provided he/she satisfied all the condition laid down under clause 10 of UGC Regulations, 2018.
2.	Can the University promote a teacher under CAS from date of joining in the University in case his/her past service has been counted for a period more than four year?	2.) There is no provision of notional promotion in UGC Regulations that too prior to the date of joining the university concerned under any circumstances.
3.	Can the University grant promotion under CAS before the date of confirmation in the University?	3.) We may request the University to examine the cases strictly in accordance with clause 11 of UGC Regulations, 2018.
4.	In addition to above it may also be clarified that can the University count previous services in case there is a break in between the two services. The clause 10.0 of UGC Regulations, 2018 is silent on the issue of breaks while counting of past service.	—

Yours faithfully

The Meeting of Departmental Confirmation Committee to examine the case of Er. Saurabh Gupta, Executive Engineer, regarding lifting of his probation and confirmation was held on 21.07.2019. Er. Saurabh Gupta joined on 31-08-18 and his confirmation is due on 31-08-19.

D.O. No. 20-64/2019-CU.Cdn

Dear Prof. R.K. Kohli Ji,

Dated the 11th November, 2019

Please refer to my D.O. letter of even No. dated 07.11.2019 regarding pairing of Central Universities for exchange of students. The Ministry of Human Resource Development has selected your institution for pairing with Central University of Andhra Pradesh, Anantapur, Andhra Pradesh under Ek Bharat Shreshtha Bharat (EBSB) Programme. As you are aware, EBSB is a programme for promoting national integration through systematic exchange between paired States/UTs in the cultural, literary and linguistic fields. The expectation is that the students of your institution should learn the linguistic and cultural aspects of Andhra Pradesh covering history, culture, language, cuisine, festivals, clothing etc.

Your institution is expected to select atleast 50 students for exchange with the paired institution and they will travel to the paired institution, as per the planned schedule. The selection of students should be carried out as per the note given in the Annexure-I. It is expected that the visiting students would stay in the campus of the paired institution and their hospitality would be arranged by the paired institution. However, travel arrangements for your students would have to be borne by your institution only.

The visit to the paired institution is expected to be for a period of 5 days. The date-wise suggested programme of action is enclosed at Annexure-II. The paired institution may be requested to facilitate the visit in the manner specified.

Every student in the contingent going from your institution may be asked to identify one unique feature of culture of the State in which the paired institution is located, and prepare a report on what they have learned during the visit. This report should be shared with all the other students of your college on the return of your contingent. It is also expected that these learnings along with photos etc, are disseminated through social media accounts, Twitter etc.

For any further details about this exchange programme, you may kindly mail to ebsbmhrd19@gmail.com

With regards,

Yours sincerely,

(G.C. Hosur)

The Member Secretary stated that the actions taken by departments/ officers/officials on the decisions taken by the Building Advisory Committee in its 43rd Meeting are placed at Annexure-44.2. The BAC noted the ATR and observed as under:

1. The directions given by BAC vide Items BAC: 43:2019:7 & BAC: 43:2019:8 were not complied by EIL as the buildings were not handed over up to 31.05.2019 as agreed by EIL in 43rd BAC meeting. BAC expressed its anguish and displeasure at the continuing delays and stated that in every meeting EIL was extending the completion dates and EIL as well as the Architect were responsible for delays and EIL was not managing the project as a PMC should do and the contractor was being allowed to delay the project.
2. The commitments given vide Item BAC: 43:2019:16 (B) were not complied by EIL as the Water Reservoir work was not completed within the stipulated period of completion i.e. up to May 2019. BAC observed that the completion of all the contracts awarded by EIL for Phase 1A & 1B were delayed and deficiencies in the PMC services being provided by EIL were the main reasons for delays.

Part – B (New agenda items)

Item: BAC: 44:2019:3

To confirm the minutes of the 44th Meeting of Sub Committee of Building Advisory Committee held on 07.03.2019 (Annexure 44.3).

The Committee perused and noted the Minutes of 44th Meeting of Sub Committee of Building Advisory Committee held on 07.03.2019 at City Campus, Central University of Punjab, Bathinda.

Resolve:-

The BAC perused and noted the minutes of the 44th meeting of SCBAC held on 07.03.2019.

Item: BAC: 44:2019:4

To approve the substitution of 5mm thick plain glass in the overhead cabinets by 4.5mm thick toughened glass in the work of Planning, Designing and providing Laboratory Furniture in the Academic Block of New Campus of CUPB (Annexure 44.4).

The BAC was informed that M/s Godrej & Boyce had requested for providing 4.5mm thick toughened glass in the overheads cabinets being their standard practice in lieu of 5 mm thick plain glass as per contract item at no extra cost. After discussion BAC accepted the recommendations of SCBAC that 4.5 mm thick toughened glass may be provided in the overhead cabinets with deduction to be made from M/s Godrej & Boyce on pro rata basis for using 4.5 mm thick glass instead of 5 mm thick glass as per contract.

Resolve:

The Committee resolved to approve the recommendations of SCBAC that 4.5 mm thick toughened glass may be provided in the overhead cabinets with deduction to be made from M/s Godrej & Boyce on pro rata basis for using 4.5 mm thick glass instead of 5 mm thick glass as per contract.

Item: BAC: 44:2019:5

To ratify the release of EIL fee for providing Project Management Consultancy Services as per Agreement for Phase 1A and Phase 1B works against the bill received from EIL vide letter no. EIL/Infra/CUPB/A372/266 dated 05.02.2019 (Annexure 44.5).

The BAC was appraised that during 44th SCBAC meeting held on 07.03.2019, the

release of fee to EIL for providing Project Management Consultancy Services for Phase 1A and Phase 1B works based on EIL invoice of Rs. 33,20,952 /- dated 05.02.2019, was examined vide Agenda item no. SCBAC: 44:2019:9. The SCBAC noted that construction of the site offices of EIL was done by M/s KSMB and their maintenance was also being done by the contractor but this cost was required to be recovered from EIL as per the Contract provisions between CUPB which stipulated that the PMC would construct and maintain its own office. The total expenditure on account of construction of site office and its maintenance cost up to March 2019 was Rs 10,44,474/-. Therefore, SCBAC recommended a net payment of Rs 19,30,182/- to EIL as PMC fee which was approved by VC, CUPB as Chairman, BAC.

BAC considered the matter and ratified the release of PMC fee to EIL.

Resolve: -

The BAC ratified the decision for release of PMC fee of Rs 19,30,182/- to EIL after recovering Rs.10,44,474 /- on account of construction cost of site office of M/s EIL and their maintenance up to March 2019 by M/s KSMB.

Item: BAC: 44:2019:6

To ratify the approval of additional cost on account of GST w.o.f 01.07.2017 on consultancy services fee of M/s EIL for Phase 1A & 1B as claimed by EIL vide letter no. EIL/Infra/CUPB/A372/2G2 dated 30.01.2019 (Annexure-44.6).

BAC was informed that during 44th SCBAC meeting held on 07.03.2019, the EIL claim of additional cost vide EIL letter dated 30.01.2019 on account of implementation of GST w.e.f 01.07.2017 on consultancy services fee for Phase 1A & 1B works was examined vide Agenda item no. SCBAC: 44:2019:10. The additional financial implication was due to change in the tax structure from service tax to GST by Govt. of India. In earlier tax regime, the service tax was applicable @15% which was converted to GST @ 18% w.e.f. 01.07.2017. EIL had submitted details in support of additional reimbursement on account of GST implementation with an additional financial implication of Rs.15.60 Lakhs on the total PMC fee for Phase 1A & 1B works. SCBAC had recommended the approval of additional expenditure of Rs 15.60 lacs due to implementation of GST which would be released to EIL as per the stages of work. These recommendations were approved by Hon'ble Vice Chancellor, CUPB as a Chairman of BAC.

BAC considered the proposal and ratified the approval of additional fee of Rs 15.60 lacs to EIL on account of GST implementation from 01.07.2017.

ਪੰਜਾਬ ਕੇਂਦਰੀ ਵਿਸ਼ਵਵਿਦਯਾਲਯ

Resolve:-

Item: BAC: 44:2019:7

To ratify the decision that the items of Paver Blocks and Kerb stones be got executed at a reduced rate of Rs. 430 per sqm and Rs 4079 per cum (Annexure-44.7).

EE CUPB stated that the issue of execution of paver blocks and kerb stones at reduced rates was considered by BAC in its 43rd meeting vide Agenda item no. BAC: 43:2019:6. BAC had noted that the rebates offered by M/s KSMB for procurement of paver blocks from local vendor instead of approved vendors provided in the Phase 1A contract although recommended by EIL, was not found satisfactory based on local inquiries. Accordingly, BAC decided that the contractor should execute the contract quantities as per agreement provisions and the balance work be got done by CUPB directly through another agency.

The execution of Paver Blocks and Kerb stones was again placed by Engineering Division of CUPB before the SCBAC vide Agenda item no. SCBAC. 44.2019.12 in its 44th meeting held on 07.03.2019. EE CUPB submitted that CPWD DSR 2016 rates for providing Paver Blocks was around Rs. 610/- per sqm and as per the local inquiries the tender rates likely to be received would be around Rs. 500 to 550 per sqm which would be higher in comparison to the discounted rates of Rs. 437 per sqm as recommended by M/s EIL. After considering this status SCBAC was of the view that it would be prudent that the total work may be executed through M/s KSMB & Sons only. Further the contractor was persuaded to accept the reduced rate of Rs. 430 per sqm (contract rate Rs. 515.82 per sqm) for Paver Blocks. EE CUPB stated that the reduced rates of Rs. 4079 per cum (Contract rate Rs.4536 per cum after contract rebate of 7.89%) recommended by EIL for Kerb stones were reasonable. SCBAC noted that there was a saving of around Rs 18 lacs in paver blocks work and Rs 3.17 lacs in Kerb stone work and accordingly recommended that the work may be got executed from M/s KSMB at the reduced rates as stated above.

Subsequently the recommendations of SCBAC were approved by VC, CUPB in his capacity as Chairman BAC. After considering the above position BAC ratified the decision of getting the work of paver blocks and kerb stones done through KSMB at reduced rates.

Resolve:-

The BAC resolve to ratified the decision to get the work of Paver block and Kerb

stone executed from M/s KSMB on the reduced rates of Rs. 430 per sqm for pavers and Rs 4079 per cum for the Kerb stones.

Item: BAC: 44:2019:8

To approve the release of fee to M/s PSDA for providing Architectural Services for Phase 1A &1B works.

The BAC was apprised that the bill dated 18.02.2019 submitted by PSDA for providing Architectural services for Phase 1A and Phase 1B works was examined by SCBAC in its 44th meeting vide Agenda item no. SCBAC: 44:2019:12. SCBAC had noted that although EIL had recommended release of Rs. 8.72 Lacs against this bill but after scrutiny by Engineering Wing of CUPB the payable amount was Rs. 2.33 Lakhs. Further a show cause notice was issued to PSDA for delay in issue of drawings of Phase 1B works resulting in delay in completion of Phase 1B buildings. SCBAC recommended that CUPB should start withholding adhoc amounts towards penalty from M/s PSDA on account of delay in issue of drawings till a final decision on imposing the penalty on the Architect was taken and a token amount of Rs. 50000/- may be withheld from present bill onwards.

BAC was informed that no payment against the above bill could be released as M/s PSDA as they did not submit the GST paid invoices for the release of payments.

Resolve: -

BAC noted that no payment against the above could be released as M/s PSDA did not submit the GST paid invoices for the release of payments.

Item: BAC: 44:2019:9

Point A: To note the status of Interior works for Smart Class Rooms and Seminar Hall works at an estimated cost of Rs. 1,78,83,930 /- (Annexure 44.9).

The BAC was informed that interior works in two seminar halls (125 seats each) and one smart class room (250 seats) in the Academic Block under Phase 1A works were to be executed through a separate contract as in the present scope of the contractor EIL had included only the civil works for these areas. BAC noted that a proposal was placed in 45th meeting of SCBAC vide agenda item no. SCBAC: 45: 2019:12 (B) containing tender documents and estimates amounting to Rs. 1,78,83,930/- for Planning, Designing & Execution of Interior works in Smart class rooms and Seminar Hall in Academic Block of Main Campus of CUP, Ghudda (Dhatinda). Accordingly, SCBAC had recommended for approval of tender documents and estimate of Rs. 1,78,83,930/- with expenditure to be met from capital budget of 55 crores already sanctioned for furniture & furnishing for making the Main Campus operational.

BAC considered and approved the tender documents and estimated cost of Rs. 1,78,83,930/- with allocation of funds from capital budget of 55 crores already sanctioned for furniture & furnishing of the Main Campus.

Resolve:-

The BAC approved the tender document and estimated cost of Rs. 1,78,83,930/- with allocation of funds from capital budget of 55 crores already sanctioned for furniture & furnishing of the Main Campus subject to availability of funds.

Point B: To approve the LAN/UPS/CCTV tenders and estimates (Annexure 44.9).

The BAC noted that SCBAC in its 46th meeting had recommended that the CCTV/LAN/UPS tender be floated by CUPB directly as the estimates prepared by Engineering Wing of CUPB in consultation with its Computer department for LAN/UPS/CCTV works were Rs. 1.61 Crore + GST against the estimated cost of Rs. 4.58 Cr + GST prepared by PSDA and recommended by EIL. Accordingly, tender documents and estimates were prepared by CUPB engineering wing and placed in 47th meeting of SCBAC. The BAC was apprised that the work for LAN/UPS/CCTV was mandatory for making the new campus operational before shifting the University to the Main Campus.

BAC considered and approved the estimates of Rs. 1.61 Crore + GST for execution of LAN/UPS/CCTV works and its execution by CUPB directly to make the Main Campus operational.

Resolve:-

BAC resolved and approved the estimates of Rs. 1.61 Crore + GST for LAN/UPS/CCTV works to make the Main Campus operational subject to the availability of funds.

Item: BAC: 44:2019:12

To consider and ratify the deduction of Rs. 40 per table from M/s Godrej & Boyce in the work of Design, Supply, installation, testing and commissioning of Laboratory Furniture at Main Campus of CUP, Ghudda (Annexure 44.12).

BAC was informed that the work for Lab Furniture was awarded to M/s. Godrej & Boyce and during the approval stage of the furniture and the layouts the faculty members were of the view that the Laboratories tables in some of the laboratories should be 750 mm high as compared to 900 mm height as per the contract provisions. Accordingly, M/s Godrej was directed to reduce the heights of the tables subject to suitable reduction in the contract rates.

The BAC was further apprised that the reduced rates submitted by M/s Godrej vide e-mail dated 31st December 2018 was considered in the 45th SCBAC meeting vide Agenda Item No.: SCBAC: 45:2019:2 and reduction of Rs. 40 per table for item no. 3.1 to 3.6 was recommended for approval. Subsequently the proposal was approved by Hon'ble Vice Chancellor as a Chairman of BAC vide office note Ref. No. CUPB/CC/ES/19/140 dated 03.06.2019. This reduction in rates will result in overall saving of Rs. 9,000/-.

Resolve:-

The BAC considered and ratified the decision for the reduction of Rs. 40 per table in

items no. 3.1 to 3.6 to be availed by the University from M/s Godrej & Boyce in the work of Design, Supply, installation, testing and commissioning of Laboratory Furniture at Main Campus of CUPB, Ghudda.

Item: BAC: 44:2019:13

To approve the Extension of completion period requested by M/s Godrej & Boyce for the work of Design, Supply, installation, testing and commissioning of Laboratory Furniture at Main Campus of CUP, Ghudda (Annexure 44.13 & 44.13.2).

The BAC was apprised that M/s Godrej & Boyce vide letter no. SR/2018-19/CUP/DP-Extension/1 dated 30.04.2019 had requested for the extension of completion period up to 15th August 2019 for the work of Design, Supply, installation, testing and commissioning of Laboratory Furniture at Main Campus of CUP, Ghudda. This request of M/s Godrej & Boyce was considered by SCBAC in its 45th meeting vide Agenda Item No.: SCBAC:45:2019:3. As per contract the work was required to be completed by M/s Godrej & Boyce up to 5th May 2019. However, majority of the laboratory rooms were not made available by M/s KSMB/ EIL due to non-completion of civil & services works. Taking into account this position the SCBAC recommended the extension of completion period up to 31.07.2019. This extension of completion period was approved by Hon'ble Vice Chancellor as a Chairman of BAC vide office note Ref. No. CUPB/CC/ES/19/140 dated 03.06.2019.

EE. CUPB informed the BAC that M/s Godrej & Boyce vide letter no. G&B/Interio/MEP/CUPB/01 dated 25.07.2019 has again requested for further Second extension of completion period for 3 months 15 days (up to 15th November 2019) or clear 2 months from the last lab handed over to them. The contractor has also demanded compensation for the monthly expenses in the form of overhead incurred by them for the extended period. After examining the request of M/s Godrej the main reasons for delays noted are:

1. Delay in handing over of all laboratory rooms by M/s EIL to M/s Godrej & Boyce.
2. Delay in providing partitions for Fume Hoods and Lab partitions by M/s EIL.
3. Location of P- Traps in the laboratory rooms provided by Architect/EIL restricting furniture installation.
4. Height of A.C Socket installed in the Laboratory rooms

The BAC was apprised that the major delay in completion of work was attributable to reasons at Sr no 1 & 2 above as the handing over of majority of the laboratory rooms by M/s KSMB/ EIL had been delayed due to non-completion of civil & services work. Till date only 64 laboratories had been handed over to M/s Godrej & Boyce and the balance 42 laboratories are yet to be handed over.

Considering the above mentioned reasons and taking into account EIL's commitment for handing over all the Laboratories to M/s Godrej & Boyce by 31.08.2019 and the complete Academic Block up to 31.10.2019 the extension of completion period up to

31.10.2019 without any compensation was considered and approved by the BAC.

Resolve

BAC considered and approved that due to delay in handing over of Laboratories to M/s Godrej & Boyce by M/s EIL, the University is left with no other option but to extend the Completion period for the work of Design, Supply, installation, testing and commissioning of Laboratory Furniture at Main Campus of CUPB, Ghudda being executed by M/s Godrej & Boyce up to 31.10.2019 without any compensation or levying any penalty.

M/s Jyoti Sarup Mittal had requested for extension of time up to 02.09.2019 but M/s EIL recommended the extension of time up to 31.07.2019 only. This issue was examined in the 47th SCBAC meeting vide Agenda Item: SCBAC: 47:2019:8 and SCBAC had recommended that the extension of time up to 31.07.2019 be approved as proposed by EIL.

The BAC discussed and approved the extension of time up to 31.07.2019 to M/s Jyoti Sarup Mittal as recommended by EIL. BAC asked EIL to submit the status of work in the next meeting and action against the contractor for delay in completion of work beyond 31.07.2019.

Resolve:-

The BAC approved the extension of time up to 31.07.2019 for the completion period of the Water reservoir, Pump room & Campus Development works allotted to M/s Jyoti Sarup Mittal as recommended by EIL. Item: BAC: 44:2019:21

To approve the extension of time in the completion period to M/s KSM Bashir Mohd. & Sons, Lucknow for Phase -1A works as recommended by EIL.

The recommendations of EIL for extension of time up to 31.08.2019 to M/s KSMB were pursued by BAC and the members observed that although the original stipulated completion period of Phase 1A works had expired on 20.01.2017 but several extensions of times were granted to M/s KSMB with the latest up to 31.05.2019 on the recommendations by EIL but the works were yet not completed. BAC noted that EIL had recommended another extension of time for Phase 1A works up to 31.08.2019 although M/s KSMB's third request for extension of time for 669 days was up to 30.07.2020.

The BAC expressed strong displeasure at the state of affairs and observed that although the work was not completed up to 31.05.2019 but EIL neither initiated any action against the contractor for delays nor the recommendations for extension of time were submitted to CUPB by 31.05.2019. RCM EIL stated that about 95% work was completed and there were no further hindrances to contractor beyond the recommended extension up to 31.08.2019. He further informed that all the residential buildings under Phase 1A works would be completed by 31.08.2019 but the Academic block can only be fully completed and handed over by 31.10.2019 as the HVAC work was in progress due to which some civil and services works would be hampered.

BAC was of view that granting time extension to the contractor up to 31.08.2019 would not serve any purpose as the Phase 1A works would be completed only by 31.10.2019.

Resolve:-

The BAC resolved that granting time extension to the contractor up to 31.08.2019 would not serve any purpose as EIL informed that Phase 1A works would be completed only by 31.10.2019. BAC directed that EIL should review and resubmit its recommendations for the total extension period required to complete the work along with the penal action.

Item: BAC: 44:2019:22

To discuss and approve the extension of time in completion period to M/s KSM Bashir Mohd. & Sons, Lucknow for Phase -1B works as analysed and recommended by EIL.

BAC was informed that although M/s KSMB had requested for extension of completion time for Phase 1B works up to 21.07.2020, but M/s EIL recommended the

ਪੰਜਾਬ ਕੇਂਦਰੀ ਯਿਸ਼ਵਵਿਦਯਾਲਯ

extension of time up to 01.12.2019. BAC observed that the scheduled completion period of Phase 1B works, allotted to M/s KSM Bashir Mohd. & Sons, Lucknow was up to 05.07.2018 and one extension up to 31.05.2019 was granted earlier to the contractor on the recommendations of EIL.

The Committee expressed its strong displeasure on the continuing delay in the completion of works. BAC observed that on one hand EIL could not get the work completed up to 31.05.2019 and on the other hand no action against the contractor for non-compliance of the earlier extension granted was taken till now. RCM, EIL stated that transit hostel would be handed over to CUPB by 15.10.2019 and the Girls and Boys Hostel buildings would be completed by 30.11.2019.

Resolve:-

The BAC discussed and resolved that responsibility of the concerned agency should be fixed if the contractor raises any claims in future for delay in completion of works up to 01.12.2019. The Committee stated that EIL should submit a revised completion schedule with defined milestone to monitor the progress and completion of Phase 1B works by 01.12.2019 and BAC would consider the recommendations of EIL in its next meeting.

Item: BAC: 44:2019:23

To approve the Extra Items no. 43, 43 - a to e, 45 to 48 of Section A of Phase 1A works and 45 to 48 of Section B of Phase 1A works of M/s KSMB as recommended by M/s EIL (Annexure 44.23).

The Committee was apprised that the Extra items no. 43, 43 - a to e, 45 to 48 of Section A of Phase 1A works and 45 to 48 of Section B of Phase 1A works of M/s KSMB were approved in principle by BAC in its 43rd meeting. Subsequently EIL recommended the extra Item rates of these items which were considered in 47th SCBAC meeting vide Agenda Item: SCBAC: 47:2019:9. These extra items constitutes the work already executed at site for dewatering at sewerage treatment plant (STP), demolishing of brick work, providing marble granite flooring on treads of steps, making chase cut up to 150 x 10 mm in walls and edge moulding to granite stone. The total cost implication of these extra items were Rs. 27,36,101/- for Section A of Phase 1A and Rs. 3,29,960/- for Section B of Phase 1A.

The BAC observed that a large number of extra items were already approved but still more and more extra items keep coming up. The Committee desired that EIL should put up an overall status of the revised estimates versus the sanctioned estimates so that necessary approvals could be obtained by CUPB for increase in the project cost. The approval of extra items in future would be given thereafter.

Resolve:-

BAC directed that EIL should put up an overall status of the revised estimates versus the sanctioned estimates so that necessary approvals could be obtained by CUPB for increase in the project cost. The approval of extra items would be given thereafter.

Item: BAC: 44:2019:24

To approve the revised rates for Extra Items No. 1 to 7 and 9 to 17 of Section A & B of Phase 1A works of M/s KSMB as recommended by M/s EIL (Annexure 44.24).

EE CUPB apprised the Committee that extra items claim no. 1 to 7 and 9 to 17 of Section A & B of Phase 1A works of M/s KSMB were approved by BAC in its 38th meeting held on 08.09.2017. However, the contractor did not agree with approved rates of extra item and expressed disagreement through various letters and in many meetings. To resolve the stalemate, CUPB in the 36th meeting of SCBAC held on 06.04.2018 constituted a task force comprising representatives of M/s KSMB, EIL & CUPB to review all extra item claims submitted by the contractor. The analyses of rates were reviewed by the task force and as advised by BAC in its 41st meeting held on 15.05.2018, these rates were referred to EIL for further vetting and recommendations.

M/s EIL had subsequently submitted the revised rates for these extra items after including the EPF contributions which were considered in 47th SCBAC meeting vide Agenda Item: SCBAC: 47:2019:10. The additional financial implication was of Rs. 9,12,814 /- beyond the original approval accorded earlier by BAC with a rider that rebate of 3.93 % would be availed on account of GST implementation.

The BAC observed that a large number of extra items were already approved but still more and more extra items keep coming up.

Resolve:-

BAC resolved and directed that EIL should put up an overall status of the revised estimates versus the sanctioned estimates so that necessary approvals could be obtained by CUPB for increase in the project cost. The approval of extra items would be given thereafter.

Item: BAC: 44:2019:25

The BAC was informed that Extra items claim no. 42 for plastering on exterior wall on height beyond 10 meters from ground level & 44 for providing and applying one coat of water cement primer of approved make on exterior wall surface of Section A & B of Phase 1A works of M/s KSMR were already in principle approved by BAC in its 41st meeting held on 15.05.2018 and 43rd BAC meeting held on 25.01.2019. Subsequently EIL submitted rates for these extra items which were considered by SCBAC in its 47th meeting held on 05.07.2019 vide Agenda item no. SCBAC: 47:2019:11 and recommended for approval of the extra item no. 42 with financial implication of 34,87,500/- and extra item no 44 with financial implication of Rs. 31,58,250 /- for Section A & B of Phase 1A, with a rider that rebate of 3.93 % would be availed on account of GST implementation

The BAC observed that a large number of extra items were already approved but still more and more extra items keep coming up.

Resolve:-

BAC resolved to direct the EIL to put up an overall status of the revised estimates versus the sanctioned estimates so that necessary approvals could be obtained by CUPB for increase in the project cost. The approval of extra items would be given thereafter.

Item: BAC: 44:2019:26

To discuss and grant in-principle approval for Substituted Items:

- A. For providing & fixing of bright finished 40mm Allen Key locks with a pair of lever handles.

The BAC was apprised that initially the Architect had recommended the provision for mortise lock proposal in the shaft doors for all the buildings on all the floors. As these areas are only to be used by maintenance staff of the University, therefore the arrangement of mortise lock was replaced with Allen Key lock with a pair of lever handles duly recommended by M/s PSDA & M/s EIL. The matter was considered in 47th SCBAC meeting vide Agenda Item: SCBAC: 47:2019:12. It was noted that the provision of Allen Key Lock was a substitute to the tender item of mortise locks in the shaft doors which were not required hence would result in saving of around Rs 8 lakhs to the University.

Resolve:-

BAC discussed and resolved to approve in principal the provision for Allen Key lock with a pair of lever handles as a substituted item of mortise locks of contract item tender as there was a saving of about Rs 8 Lakhs.

- B. Ready to use Acid proof chemical compound instead of providing mortar of 1 Acid resistance cement: 4 coarse sand in Academic Block.

EE CUPB informed that EIL had stated that the substitute item of Acid proof chemical compound instead of 1 Acid resistance cement: 4 coarse sand was required due to non-availability of acid resistant cement in the market and recommended the substitute with net financial implication of Rs. 4,33,605/- (Rs. 480741 – 47136).

BAC expressed its displeasure that despite its earlier directions that no extra item should be carried out at site without obtaining prior approval from CUPB but still extra items were being got executed by EIL involving additional expenditure.

Resolve:-

The Committee desired that EIL should put up an overall status of the revised estimates versus the sanctioned estimates so that necessary approvals could be obtained by CUPB for increase in the project cost. The approval of extra items would be given thereafter.

Item: BAC: 44:2019:27

To discuss and grant in-principle approval for Extra Items for providing GI plumbing works of Phase 1B buildings (Annexure - 44.27).

The BAC was informed that the extra items for providing GI plumbing works of Phase 1B buildings of M/s KSMB was considered in 47th SCBAC meeting vide Agenda item no. SCBAC: 47:2019:13. The SCBAC had observed that extra items for providing GI plumbing works of Phase 1B works of M/s KSMB were required as in case of Phase 1A works and recommended that in-principle approval may be given to EIL to get these extra items executed at the same rates as already approved in case of Phase 1A works.

The Committee showed their displeasure towards the generation of several extra items even in the construction of buildings of Phase 1B, wherein M/s EIL had confirmed that all the drawings were submitted before the award of work and all the specifications and conditions laid down in the contract were analyzed in detail by EIL.

Resolve:-

The Committee desired that EIL should put up an overall status of the revised estimates versus the sanctioned estimates so that necessary approvals could be obtained by CUPB for increase in the project cost. The approval of extra items would be given thereafter.

Item: BAC: 44:2019:28

To discuss the progress of Phase-1A works of the main campus of CUPB with respect to handing over date of 31.07.2019 proposed by EIL and M/s KSMB (Annexure - 44.28).

The Committee noted that the overall progress of Phase 1A was 94.6% up to 31.07.2019 with assurance by EIL all the buildings being constructed under Phase 1A works (except Academic Block) would be completed by 31.08.2019 and the Academic block would be completed and handed over by 31.10.2019. The BAC was very unhappy with the progress of Phase 1A work at site as due to delays the University could not shift its city campus to new campus at Ghudda.

The Committee also noted that as EIL was not able to handover all the existing Laboratories to Godrej & Boyce for the installation of Laboratory furniture therefore University was left with no other option but to extend the completion time of M/s Godrej & Boyce. The Committee directed EIL to handover all the Laboratories to M/s Godrej by 15.09.2019.

Resolve:

The BAC discussed and resolved to advise that the progress of work should be closely monitored by EIL to ensure that M/s KSMB hands over Phase 1A buildings by 31.08.2019 (Except Academic Block) and Academic Block by 31.10.2019.

Item: BAC: 44:2019:29

To discuss the progress of Phase-1B works of the main campus of CUPB with respect to handing over date of 31.07.2019 (Annexure-44.29).

The Committee noted that the construction progress of Phase 1B was 79.2% up to 31.07.2019 and EIL ensured that all the buildings being constructed under Phase 1B works would be completed by 01.12.2019. The BAC was unhappy with the progress of work of construction at site and directed EIL to closely monitor the progress of work and intimate the same on fortnightly basis and get the Phase 1B buildings completed positively by 01.12.2019. Further EIL should initiate action against the concerned agencies if there is unsatisfactory progress of work at site.

Resolve:

The BAC resolved to advise that the progress of work should be closely monitored by EIL to ensure completion of Phase 1B buildings by 01.12.2019. In case of unsatisfactory progress of work Further EIL should initiate action against the

concerned agencies.

Item: BAC: 44:2019:30

To discuss the latest status of HVAC works processed and allotted by M/s EIL.

EIL informed the Committee that HVAC works on 3rd, 4th&5th Floor of Academic Block had been completed by contractor at site and the balance work would be completed by 30.09.2019.

EIL further informed that the HVAC work was awarded to M/s Bliss refrigeration Pvt. Ltd vide LOA no. A372/LOA/KNM/2019/1009/07 dated 01.03.2019 and the contractual completion period of 5 months from the date of issue of LOA had expired on 31.07.2019. M/s BRPL have submitted request for the extension of contractual completion time up to 30.10.2019 and M/s EIL would be reviewing the same. EIL stated that the major reason for the delay in work were due to increase in heat loads ODU capacity of the system, local disconnect panels to be replaced with sub panels resulting in the increase in number of panels from 35 to 71. The Committee expressed its displeasure for the delay even in HVAC works where EIL before awarding the work confirmed to CUPB that the HVAC system designed for Academic Block had been checked by the experts of EIL.

Resolve:

The BAC resolved to direct EIL to fix the responsibility for the delay in the completion of HVAC works and asked EIL to ensure that the overall cost of HVAC works should not exceed the already approved estimated cost.

Item: BAC: 44:2019:31

To discuss the status of construction of Water Reservoir, Pump Room and Campus Development works at the New Campus of CUP, Ghudda.

EIL informed the Committee that Water Reservoir, Pump Room and Campus Development works at the New Campus of CUP, Ghudda were in progress and was likely to be completed by 30.09.2019. EIL informed BAC that the work was awarded to M/s Jyoti Sarup Mittal vide LOA no. A372/LOA/KNM/2019/1008/01 dated 30.01.2019 and the contractual completion period of 5 months from the date of issue of LOA had expired on 02.06.2019. Further EIL submitted that M/s JSM have submitted the request for the extension of contractual completion time upto 02.09.2019 which was further analyzed and reviewed by M/s EIL and accordingly recommended the extension of time up to 31.07.2019 vide their letter no. CUPB/A372/JSM/003/28 dated 02.07.2019. The matter was discussed in 47th SCBAC meeting held on 05.07.2019 vide agenda item no. SCBAC: 47:2019:8. The SCBAC recommended that the extension of time to M/s JSM may be given till 31.07.2019 as

recommended by M/s EIL.

BAC noted that the extension period as recommended by EIL i.e. extension up to 31.07.2019 had already expired and as per EIL the contractor had not submitted any request for extension beyond 31.07.2019. The Committee expressed its displeasure that even after the expiry of recommended extended period neither the work was completed up to 31.07.2019 nor had EIL initiated any action against the contractor for the delay of the work beyond 31.07.2019.

Resolve:

The BAC resolved to direct EIL to fix the responsibility for the delay in completion of work of Water Reservoir, Pump Room and Campus Development works and to ensure that the overall cost of this work should not exceed the already approved estimated cost.

Item: BAC: 44:2019:32

To discuss the Progress for the work of Design, Supply, installation, testing and commissioning of Laboratory Furniture by M/s Godrej & Boyce at Main Campus of CUP, Ghudda.

The Committee noted that as per contract the work of Laboratory Furniture at Main Campus of CUPB, Ghudda was required to be completed by M/s Godrej & Boyce up to 5th May 2019. However majority of the laboratory rooms could not be made available by M/s KSMB/ EIL due to non-completion of civil & services works. Taking into account this position the SCBAC recommended for the extension of completion period up to 31.07.2019. The extension of completion period was approved by Hon'ble Vice Chancellor as a Chairman of BAC vide office note Ref. No. CUPB/CC/ES/19/140 dated 03.06.2019.

BAC was informed that further extension up to 31.10.2019 to M/s Godrej & Boyce had already been discussed above vide agenda item no. Item: BAC: 44:2019:13. The Committee noted that the major reasons for delay in completion of work were delay in handing over of all laboratory rooms by M/s EIL to M/s Godrej & Boyce. The Committee was apprised that total 64 laboratories out of 94 laboratories where new furniture is to be installed were handed over to M/s Godrej & Boyce by M/s EIL and M/s Godrej have almost completed installation of furniture in 64 labs handed over to them. However, the phenol resin top board will be installed after the complete installation of furniture as there are chances for occurrence of scratches and damages on the surface of the same.

EE CUPB informed that as per contract the laboratory furniture in the existing laboratories at city campus of CUPB would be dismantled, repaired and repainted in their factory and reinstalled in the New Campus of CUPB. This work would be

possible only after the shifting of city campus laboratories to the new campus. In the meanwhile M/s Godrej offered new furniture in lieu of Old Furniture at Main Campus of CUP, Ghudda within the quoted price and submitted the following two options:-

Option – 1: Provision of D-frame at the quoted price of item no. 18 of the contract, without any extra cost.

Option – 2: The provision of C-type frame (as being provided in new laboratories) at an extra cost of Rs. 14,00,000/- over and above the quoted price of item no. 18 of the contract.

In both the cases the existing fume hoods would be dismantled locally repaired and shifted to the new campus. The matter was discussed in 46th SCBAC meeting vide Agenda item no. SCBAC: 46:2019:2 and the SCBAC was of the view that the University need not spend extra amount for the provision of C-type frame furniture as esthetically both type of the furniture are almost equivalent. The SCBAC recommended that the University may accept the proposal for provision of D-frame lab furniture instead of shifting of existing lab furniture after refurbishing in all the new 12 laboratories without any additional cost.

The BAC considered the proposal submitted by M/s Godrej & Boyce and accepted it in the overall interest of University. However, as the complete old furniture would not be replaced with the new D- Type furniture therefore the pro rata recovery should be made for the old furniture which would not be repaired or not replaced by M/s Godrej.

Resolve:-

The BAC resolved that EIL should handover all the laboratories to M/s Godrej & Boyce up to 15.09.2019 so that M/s Godrej & Boyce could complete their work up to 31.10.2019

BAC further resolved to accept the proposal for replacing the old furniture with new D-Type furniture in lieu of dismantling, transporting to manufacturing facility, repainting and installing of existing old furniture at City Campus, Bathinda as submitted by M/s Godrej & Boyce without any additional cost . However, as the complete old furniture would not be replaced with the new D- Type furniture therefore the pro rata recovery should be made for the old furniture which would not be repaired or not replaced by M/s Godrej.

Item: SCBAC: 44:2019:33

To discuss the status & Operation and maintenance of 66 KVA Sub Station at CUPB main campus being constructed by PSPCL as a deposit work.

The Committee noted that 66KVA Grid Sub Station at CUPB main campus had been constructed by PSPCL as a deposit work. EE CUPB informed that the electricity supply connection at 66KVA line would be provided by PSPCL as already requested by the University. EIL/KSMB were asked to get the 11KV internal electrical line including Packaged type substation inspected from Chief electrical inspector and obtain clearance as per the requirements of the Electricity Act.

EE CUPB further informed that in the meanwhile M/s PSDA was directed to supply the load calculations as per PSPCL load calculation format for different buildings of Phase 1A and Phase 1B for applying revised load demand for New Campus of CUPB at Ghudda. The total load requirements intimated by the Architect were 4166 KW for Phase 1A and Phase 1B buildings. The Committee discussed and decided that the load application for 60 % of this load may be submitted to PSPCL in the first instance.

The Operation & Maintenance of the grid was the responsibility of the University & the issue was discussed in various BAC/SCBAC meetings. In view of high annual maintenance charges of Rs. 60 Lac submitted by PSPCL, the SCBAC in its 44th meeting vide Agenda item no. SCBAC: 44:2019:8 observed that since the University would require maintenance of the several package sub stations near the buildings and all major electrical panels CUPB should explore the possibility of having a single maintenance contract of the electrical installations in the campus along with the substation. Accordingly EE CUPB prepared draft technical details and requirements for outsourcing maintenance contract for civil, plumbing, carpentering, Public Health, electrical works and 66 KV Grid Sub Station Operation and Maintenance for Main Campus at CUP, Ghudda amounting to Rs. 1.32 Crores. SCBAC in its 45th meeting vide Agenda item no. SCBAC: 45:2019:10, 46th meeting vide Agenda item no. SCBAC: 46:2019:8 and 47th meeting vide Agenda item no. SCBAC: 47:2019:17 (c), considered the draft tender documents and estimates and recommended that the tender documents and estimates be approved. However in the interim period for the operation and maintenance of 66 KV Grid Sub Station at Ghudda, manpower required may be engaged for 3-4 months (till the contract of Operation & Maintenance is awarded by the University) through outsourcing agency already supplying manpower to the University. Accordingly, minimum manpower through outsourcing agency already supplying manpower to University had been deployed to manage the 66 KVA substation and other electrical installations of the main campus.

Resolve:-

1) The BAC resolved that the total load requirements as intimated by the Architect Consultant were 4166 KW for Phase 1A and Phase 1B buildings and Load application for 60 % of this load may be submitted to PSPCL in the first instance.

2) The BAC resolved to approve the estimated cost of 1.32 Crores and tender details for the Operation & Maintenance of the 66KV grid, Electrical, Carpentering, Plumbing, Civil, Public Health, Sewerage system and water system at Main Campus

ਪੰਜਾਬ ਕੇਂਦਰੀਯ ਵਿਸ਼ਵਵਿਦਯਾਲਯ

of CUP, Ghudda.

3) The BAC resolved that Operation and Maintenance of the 66KV grid substation would be carried out by engaging required manpower through outsourcing agency already supplying the manpower till the time tenders for the Operation and Maintenance are allotted.

Item: BAC: 44:2019:34

To discuss the extension of validity of contract agreement between EIL & CUPB towards consultancy services for establishment of main campus of CUPB.

The Committee was apprised that an agreement dated 06.09.2013 was entered between CUPB and EIL for providing PMC services for the construction of main campus of CUPB. The original time of completion for this agreement was for five years i.e. up to 05.09.2018. The contract was extended up to 30.09.2019 vide CUPB letter no. CUPB/CC/ES/18-19/1366 dated 17.01.2019. Further considering the present status of construction of buildings and the completion of buildings up to December 2019, EIL had requested vide letter no. EIL/Infra/CUPB/A372/327 dated 01.08.2018 for second extension of contract period up to 01.03.2020 as EIL would require 3 to 4 months for finalisation of measurements, reconciliation etc. including settling of final bills of all contractors engaged in the project after December 2019.

BAC noted that there was a provision of defect liability period of 12 months in the contracts being executed by EIL for the construction of Main Campus of CUP, Ghudda. Considering the above the BAC approved the extension of validity of contract agreement between EIL & CUPB up to 01.03.2020 on existing terms & conditions in accordance with clause no. 19 and 2.34 of contract agreement with CUPB & EIL. Further, EIL would look after rectification of defects during the defect liability period of one year or more after its completion as stipulated in agreements with various agencies.

Resolve:-

The BAC resolved to approve for the extension of validity of contract agreement between EIL & CUPB up to 01.03.2020 on existing terms & conditions in accordance with clause no. 19 and 2.34 of contract agreement with CUPB & EIL. Further, EIL would look after rectification of defects during the defect liability period of one year or more after its completion as stipulated in agreements with various agencies.

Item: BAC: 44:2019:35

To discuss the Letter written to Chairman and Managing Director of EIL regarding the slow

Progress of work and delayed completion of Phase 1A and Phase 1B works as a PMC.

BAC was informed that Hon'ble Vice Chancellor held a meeting with CMD EIL on 29.11.2018 to discuss the status of construction and early completion of Phase 1A and 1B buildings at Ghudda for shifting of the University to the main campus. The issues discussed in the meeting were listed in CUPB letter no. CUPB/CC/RO/18/2153 dated 04.12.2018 addressed to CMD EIL. Further, in continuation to the above meeting where CMD EIL committed that the buildings would be handed over to CUPB latest by 31.05.2019.

However, the buildings were still under construction and yet to be handed over to CUPB, therefore the matter was pursued with CMD EIL regarding slow progress and latest status of construction of Phase 1A and 1B works at CUPB vide letter no. CUPB/CC/ES/19-20/216 dated 02.07.2019 and CUPB letter no. CUPB/CC/ES/19-20/301dt 05.08.2019. The Committee noted that the replies from EIL stating the various reasons of delay were excuses to put the onus of delays either on CUPB or other agencies. However it was a matter of record that the designs, drawings and estimates of Phase 1A and Phase 1B were neither prepared accurately by Architect nor thoroughly checked by EIL resulting into a large scale deviation in contract quantities and creation of extra items. The Committee directed Engineering Wing to prepare a reply to the recent letter of EIL received by the University.

Resolve:-

The BAC resolved that it was a matter of records that the designs, drawings and estimates of Phase 1A and Phase 1B were neither prepared accurately by Architect nor thoroughly checked by EIL resulting into a large scale deviation in contract quantities and creation of extra items. The Committee directed Engineering Wing to prepare a reply to the recent letter of EIL received by the University.

Item: BAC: 44:2019:36

To discuss and approve the proposal for construction of Temporary Commercial Complex at main campus of CUPB.

Government of India

Room No. 216, D Wing, Shastri Bhawan,

To,
The Registrar,
Central University of Punjab,
City Campus,
Mansa Road,

Subject: Instructions to Central University of Punjab, Bathinda- regarding.

Sir,

I am directed to refer to Vigilance Unit, Ministry of Human Resource Development's letter No. C-34013/16/2015-Vig dated 13.08.2015 containing instructions for Heads/Chairmen of Autonomous Bodies about refraining from initiating any action to make selections at least two months before the expiry of their term or retirement and to state that considering the fact that due to shortage of regular faculty in the Central Universities, recruitment of the faculty in the CUs has been selected as a top priority programme to be implemented in time bound manner, the competent authority has permitted to allow the Vice-Chancellor, Central University of Punjab (CUP) for the time being to carry out the process of selection/appointment of the teaching faculty in the CUP.

Yours faithfully,

(Surat Singh)

Deputy Secretary to the Government of India

2796

The Secretary informed the Council that on the initiative and suggestion of UGC, the university plans to start Bachelor of Vocational (B.Voc.) programmes initially in the above mentioned sectors, if possible.

The Chairman shared with the members that during the Conference of the Vice-Chancellor's held on 4th-5th February 2015 at Rashtrapati Bhawan, New Delhi, it was discussed that B.Voc. programmes must be introduced by all the CUs to promote the skill development in the country/region.

After discussions, the Council also suggested that following courses under B.Voc. programme may also be included to attract good number of candidates from the region:

- a) Animation
- b) Hardware (Motor binding, TV repair, Mobile repair)
- c) Origami (Japanese Paper Arrangement)
- d) Office Secrecy (Academic Administration)
- e) Polyhouse
- f) Bio fertilizer
- g) Bio pesticides

There were apprehensions that these courses are so small to match 3 year study. It was suggested that to attract adequate number of students to make them viable, we could think of clubbing complimentary traits. In the alternative, instead of 3 year B.VOC. programme, we can try short part-time courses like Certificate Courses for campus students or from anywhere irrespective of age or academic background at a very nominal fee. For this, infrastructure and suitable faculty/experts will have to be employed.

The Council **RESOLVED** to recommend to the EC to approve for the time being initiation of the certificate courses (part-time) proposed by the university and **FURTHER RESOLVED** to include the courses suggested by the AC under B.Voc programmes.

Item No AC:6:2015:14.7 To consider the creation of Database of Alumni by the Central Universities under the Alumni involvement initiative of MHRD.

The Secretary explained the Council that during the Conference of Vice-Chancellor's held on 4th-5th February 2015, the MHRD has taken as initiative to create the Database of Alumni by all the Central Universities.

The Council considered and approve the creation of Database of Alumni by the Central Universities under the Alumni involvement initiative of MHRD as soon as the students will graduate from the University.

Item No AC:6:2015:14.8 To recommend to EC the subject experts for interviewing candidates for faculty positions.

The Secretary requested the Council to recommend names of experts for conducting the interviews for faculty positions in the university.

Initiating discussions, the Chairman brought to the information of the AC that as per the Act & Statutes of the university, section 27 clause 18(2) the constitution of the Selection Committee should have 3 subject experts (for Professor) and 2 experts (for Associate Professor and Assistant Professor) who are not from the university. These experts are to be nominated by the EC from the list of academicians recommended by AC.

The Chairman requested that the experts should be of high academic standards and foresighted visibility in terms of academic pursuits who can't be influenced by external pressures and recommendations for the task of selecting faculty.

He further admitted that the list of suggested subject experts earlier approved by the EC for selection of faculty positions is insufficient, because they are only the members of Executive Bodies of INSA. As they are very senior people they might not be available for selecting junior level faculty positions.

Agenda: To examine the case of Ms. Leena, Reg. No. CUP/MPH-PhD/SEES/EVS/2010-11/06, Research Scholar, Deptt. of EVST

In view of the decision of the AC and EC vide Item No. AC:20:2019:13 and EC:34:2019:13 respectively, the Committee has re-examined the case. Brief facts of the case in chronological order from Sl. No. 1 to 32 is attached as **Annexure-I**.

Ms. Leena had registered in Ph.D Programme (Phase-II) on 18.10.2012 after completion of 3 semester in M.Phil. (Phase-I).

Prof. A.K. Jain was appointed as her Supervisor and thereafter Dr. Mahesh Kulharia was appointed as Co-Supervisor on 21.05.2014. On the request of Ms. Leena regarding change of her Supervisor as Prof. A.K. Jain was not from the field of Bioinformatics, Dr. Yogalakshmi K.N. was appointed as her Supervisor on 04.08.2015. Then she continued to work with Dr. Yogalakshmi K.N. as Supervisor and Dr. Mahesh Kulharia as Co-Supervisor. Ms. Leena submitted an application to change her Co-Supervisor alleging of non-cooperation from Co-Supervisor. Her Co-Supervisor was changed and Prof. Anjana Munshi was appointed as administrative Co-Guide.

Ms. Leena has submitted a medical certificate indicating that she is under severe depression and on medication for the same. She has mentioned that she is not able to do work due to mental stress. In another email she has mentioned that she is recovering from depression and doing work. Hence she has requesting to extend the period for submission of Ph.D. Thesis. She has completed her 4 1/2 years (2 1/2 + 2 years) i.e. maximum duration on 30.06.2017 as per UGC N+2 rules.

Sub-Clause 4.4 of UGC (Minimum Standards and Procedure for Award of M.PHIL./PH.D Degrees) Regulations, 2016 envisages that "the women candidates and Persons with Disability (more than 40% disability) may be allowed a relaxation of one year for M.Phil and two years for Ph.D. in the maximum duration. In addition, the women candidates may be provided Maternity Leave/Child Care Leave once in the entire duration of M.Phil/Ph.D. for up to 240 days".

UGC (Minimum Standards and Procedure for Award of M.PHIL./PH.D Degrees) Regulations, 2009 is silent on relaxation to women and PwD candidates in maximum duration.

Cont'd.....2

UGC (Minimum Standards and Procedure for Award of M.PHIL/PH.D Degrees) Regulations, 2009 will apply in the case of Ms. Leena and the same is silent on relaxation to women candidates in maximum duration.

The Committee discussed the matter at length including various letters, emails etc. placed in file. It can be extracted from them that Ms. Leena was under depression for a long period and was on medication. Due to that she could not concentrate on the research work. She has mentioned that her family life has been affected by this episode. It is also evident from the file that her health is recovering and Prof. Anjana Munshi too has mentioned that she is in good health and will be able to complete research work. It is pertinent to mention that she has published 02 research papers. Keeping that view, the Committee *recommends that Ms. Leena may be given relaxation in maximum duration. The case may be put up before the forthcoming Academic Council for consideration please.*

7. Mr. Mukesh Kupmar, AR(Exam) Convener

(Prof. Anjana Munshi, Dr. Alpa Saini and Dr. Zameerpal Kaur were could not attend the meeting due to their prior engagement)

The committee examined the M.Phil reports of Ms. Nitika Grover, Reg. No. 15Mphcp13 and Ms. Romy Tuli, Reg. No. 15mphcp14 and following comments extracted from the reports:

S.No.	Name of the student/ Supervisor	Examiner/ Status of Report	Comments of Examiner(s) extracted from the M.Phil. reports
1.	Ms. Romy Tuli / Dr. Zameerpal Kaur	Examiner- Rejected	The dissertation cannot be recommended for the award of degree in the present form for the following reasons: a) There is no clearly define objective of the research. b) There is no clearly defined method and analysis of the selected texts. c) In all the chapters of dissertations there is repetition of more or less similar vague statements. d) There is little difference between the conclusion and the general methods. For example, we find in the conclusion the statements such as, "Ecocriticism is a vast field...." "theory can gain advance in the Diasporic studies....." "Schools of comparative literature... have some key...." Etc. whereas the reader of the dissertation would expect rather more specific statements on how far and of what nature is the harmonization of humans and nature as represented in the selected text. e) There is very little analysis of the selected texts. f) The dissertation is an incoherent texts made of the general statements about several theories and the selected texts.

13

			g) The dissertation has several linguistic errors that are not expected at the level of M.Phil. Hence the dissertation cannot be recommended for the award of M.Phil degree.
		Examiner-II / Re-submission	<ul style="list-style-type: none"> The work to be absolutely unreadable and actually a waste of time for the following reasons The candidate has very very poor competence and control over the language. The candidate has no idea of research methodology. The candidate has no idea of what critical theory entails.
		Examiner-III / Rejected	I find the thesis to be very poor quality research work. The revision done remains highly unsatisfactory. Hence, the work cannot be accepted for award of M.Phil. degree in its present form.
2	Nitika Grover / Dr. Zameerpal kaur	Examiner-I / Rejected	<ol style="list-style-type: none"> The dissertation lacks the characteristics of research writing. It doesn't have clearly defined objectives research procedures research questions. The researcher continues to write on life, influences and literary career of the poets etc. without any reason and relevance. One would be surprised if the short dissertation of 85 pages is related to the research on the poems or on the life and career of the poets or both. The conclusion does not have a clear connection with the analysis. One fails to understand if the researcher is engaged in any analysis/research or in advising the reader of the dissertation. There are several linguistic errors almost every pages have errors of spelling and syntax. There is hardly anything in the name of analysis. Hence I cannot recommend this dissertation for awarding the degree of M.Phil.
		Examiner-II / Re-submission	<ol style="list-style-type: none"> The dissertation is a poorly conceived and an even more poorly crafted document. This dissertation fails to highlight in a sufficient manner any original contribution to knowledge. The researcher has failed to give insights which can convince me that she has a thorough and strong critical grasp of her field of study. The works cited in the opening chapter are not very current not beyond 2012. The researcher does not show any familiarity with recent journal issues to see the kind of work being done in her area of interest. She has not been able to refer to poems of these two authors where the biographical details help to augment her primary research giving the impression that the

			<p>biographical details are just fillers, an excretion on what could have been an incisive and scholarly analysis.</p> <ol style="list-style-type: none">7. Her research methodology is very weak and unorganized. The works also fails to properly analyze gaps in the current state of research in her define area and has failed to identify the direction for further research.8. She has not been able to build up a comprehensive and logical structure project. The research relevance of her project, therefore, reflects poorly and unconvincingly on her intellectual capabilities.9. Most of her statements are not correct and not critically defensible.10. The researcher only exhibits her fuz thinking, it only shows that she had failed to read around the topic, that she has not adequately understood previous research conducted and she is not sufficiently aware about the limitations of her work as well as the previous research done. Whatever she has said is just stating the obvious – that which is already known, making the finished work nothing more than a rehash.11. The researcher fails to justify, how these facts help her in research on eco-criticism and lead to fresh and original interpretation of the poems written by these poets.12. There are shocking lapses in grammar leading to blurring of meaning at time. She has not stringently proof read her work.13. The researcher staggers me by the complete mockery she makes of critical understanding of issues involved.14. The very first sentence of her conclusion and findings chapter shows that researcher is not updated about recent and not so recent trends in literary theory.15. In her conclusion and findings, she has not been able to tell how her research has made a difference to the academic world and how these findings are implied in practice.16. Although, the introduction as well as the bibliography refers to a lot of books on Eco criticism, the researcher has failed to engage with the available literature and theory.17. The analysis is very convoluted and fuzzy.18. Sound methodology and its careful application in context is completely lacking.19. The ontro chapter is marred with observations which only strengthen my view that the dissertation has to be thoroughly revised and resubmitted.20. The bibliography is full of errors.21. A thesis does not serve the purpose of demonstrating the candidates own understanding of the subject because the candidate has been unable to differentiate between primary data, interpretation and speculation apply theories like eco criticism in order to draw new insights and conclusions.

			<p>22. The researcher has failed to give a supporting evidence for new arguments, new findings, new conclusions and criteria against which to judge the contribution of her thesis.</p> <p>23. As the researcher has not been able to reflect the limitations of his/her research, it is obvious that she cannot clarify or recommend comprehensively the validity or usefulness of the findings or the implications of the findings for future research and practice.</p> <p>24. The researcher has not been able to intellectually grasp the ontological and the epistemological concepts of Eco-criticism and alternative theories.</p>
		Examiner-III Rejected	I find the thesis to be very poor quality research work even after the supposed revision. Hence, the work cannot be accepted for award of M Phil degree in its present form

6. She has not been able to refer to poems of these two authors where the biographical details help to augment her primary research giving the impression that the biographical details are just fillers, an excretion on what could have been an incisive and scholarly analysis.
7. Her research methodology is very weak and unorganized. The works also fails to properly analyze gaps in the current state of research in her define area and has failed to identify the direction for further research.
8. She has not been able to build up a comprehensive and logical structure project. The research relevance of her project, therefore, reflects poorly and unconvincingly on her intellectual capabilities.
9. Most of her statements are not correct and not critically defensible.
10. The researcher only exhibits her fuz thinking. It only shows that she had failed to read around the topic, that she has not adequately understood previous research conducted and she is not sufficiently aware about the limitations of her work as well as the previous research done. Whatever she has said is just stating the obvious – that which is already known, making the finished work nothing more than a rehash.
11. The researcher fails to justify, how these facts help her in research on eco-criticism and lead to fresh and original interpretation of the poems written by these poets.
12. There are shocking lapses in grammar leading to blurring of meaning at time. She has not stringently proof read her work.
13. The researcher staggers me by the complete mockery she makes of critical understanding of issues involved.
14. The very first sentence of her conclusion and findings chapter shows that researcher is not updated about recent and not so recent trends in literary theory.
15. In her conclusion and findings, she has not been able to tell how her research has made a difference to the academic world and how these findings are implied in practice.
16. Although, the introduction as well as the bibliography refers to a lot of books on Eco criticism, the researcher has failed to engage with the available literature and theory.
17. The analysis is very convoluted and fuzzy.

S.No	POINTS BY THE EXPERT	Explanations
a	There is no clearly defined objective of the research.	The chapters of the thesis have been made according to the objectives. The synopsis has defined the objectives fully well.
b	There is no clearly defined method and analysis of the selected texts.	The method of Analysis is properly defined as two chapters have been devoted to the analysis of texts.
c	In all the chapters of dissertations, there is repetition of more or less similar vague statements.	There are no vague statements and there is no chance of similarity between the statements as all the chapters are much different from each other representing different objectives of the research. So there is no chance of similarity between the statements.
d	There is little difference between the Conclusion and the general methods. For example, we find in the conclusion the statements such as, "Ecocriticism is a vast field ...", "theory can gain advance in the Diasporic studies...", "Schools of comparative literature ... have some key..." Etc. whereas the reader of the dissertation would expect rather more specific statements on how far and of what is the nature of the harmonization of humans and nature as represented in the selected texts?	The statements that have been pointed out are from the conclusion of the thesis such as "theory can gain advancement in the Diasporic studies..." is the part of future perspectives of the thesis. The statement is a hint for the further research opportunities in the field and it is not a detailed explanation of the thesis. Points build in the conclusion part are derived from the analysis done in all the chapters of the thesis.
e	There is very little analysis of the selected texts.	Two and half chapters of the thesis have purely been devoted to the analysis. More than 50% of the thesis is about analysis. So there is no chance of "little analysis".
f	The dissertation is an incoherent texts which is made of general statements about several theories and selected texts.	There are no "general statements" about the texts and the theories as proper references have been given to prove the statements.
g	The dissertation has several linguistic errors that are not expected at the level of M.Phil. Hence, the dissertation cannot be recommended for the award of M.Phil degree.	All the thesis has been revised very carefully and linguistic errors have been eliminated as well.
	• The work is absolutely unreadable and actually a wastage of time for the following reasons.	Already revised and improved as per the given directions.
	• The candidate has very very poor competence and control over the language.	Already explained at point g

21

•	The candidate has no idea of Research Methodology.	Relevant Research Methodology has been followed throughout the work properly.
•	The candidate has no idea of what Critical Theory entails.	The Critical Theory has been described fully well in the very first chapter of the thesis and applied in the chapters based on analysis as well.
•	I find thesis to be very poor quality research work. The revision done remains highly unsatisfactory. Hence, the work can not be accepted for award of M. Phil. Degree in its present position.	Modifications have been done in the thesis.

Annexure -II Explanation on the M. Phil. Dissertation Reports of Ms. Nitika Grover

1. The dissertation lacks the characteristics of research writing	1. The characteristics of dissertation writing are properly followed while writing it but one is not supposed to enlist the characteristics in the dissertation.
2. It doesn't have clearly defined objectives, research procedures and research questions.	2. The objectives and research questions are stated in the introductory part of the dissertation.
3. The researcher continues to write on life, influences and literary career of the poets etc. without any reason and relevance. One would be surprised if the short dissertation of 85 pages is related to the research on the poems or on the life and career of the poets or both.	3. The purpose to write about the life and influences of both the poets is to show how both move towards nature writing and what are their concerns and how are they different from each other in nature writing.
4. The conclusion doesn't have a clear connection with the analysis.	4. The concluding chapter is improved and the work is concluded as per the analysis.
5. One fails to understand if the researcher is engaged in any analysis/ research or in advising the reader of the dissertation.	5. There is no such thing as advising the reader but theoretical interpretation as it is.
6. There are several linguistic errors almost on every pages have errors of spelling and syntax	6. So far as linguistic errors are concerned, the work is proof read twice
7. There is hardly anything in the name of analysis.	7. Analysis is done as per the theory of Ecocriticism.

20
Examiner II

1. The dissertation is a poorly conceived and an even more poorly crafted document.	1. The dissertation is crafted in a systematic order.
2. This dissertation fails to highlight in a sufficient manner any original contribution to knowledge.	2. This research work is a further step in the on-going research on Frost and Bishop as well as in the

	field of Ecocriticism. It's original contribution lies in the exploration of the interaction between human and non-human world in the selected poems.
3. The researcher has failed to give insights which can convince me that she has a thorough and strong critical grasp of her field of study.	3. The selected poems are analysed and interpreted in the light of some concerns of the theory of Ecocriticism.
4. The works cited in the opening chapter are not very current not beyond 2012.	4. The recent journals are explored and the relevant material is used which is even beyond 2012.
5. The researcher does not show any familiarity with recent journal issues to see the kind of work being done in her area of interest.	5. Refer to point no. 4
6. She has not been able to refer to poems of these two poets where the biographical details help to augment her primary research giving the impression that the biographical details are just fillers, an excretion on what could have been an incisive and scholarly analysis.	6. Poems and quotes have been included with the biographical details and major concerns of the both the poets.
7. Her research methodology is very weak and unorganized. The researcher also fails to properly analyse gaps in the current state of research in her defined area and has failed to identify the direction of further research.	7. The entire dissertation is revised by using research method of critical analysis for the comparative and critical study of the selected poems and the research gap is mentioned in the concluding paragraph of chapter no. 1. The direction for further research is identified in the section 'future perspectives' of the last chapter.
8. She has not been able to build up a comprehensive and logically structured project. The research relevance of her project therefore, reflects poorly and unconvincingly on her intellectual capabilities.	8. The research work is structured in a logical manner. All the chapters and sub-sections of the chapters are logically organized.
9. Most of her statements are not correct and not critically defensible.	9. Before resubmission, the entire dissertation is revised by paying particular focus on this point.
10. The researcher only exhibits her fuzzy thinking. It only shows that she had failed to read around the topic, that she has not adequately understood previous research conducted and she is not sufficiently aware about the limitations of her work as well as the previous research done. Whatever she	10. The limitations of the dissertation are stated in the concluding part of the dissertation.

has said is just stating the obvious – that which is already known, making the finished work nothing more than a rehash.	
11. The researcher fails to justify, how these facts help her in research on Ecocriticism and lead to fresh and original interpretation of the poems written by these poets.	11. The selected poems are interpreted keeping in view the major concerns of the theory of Ecocriticism.
12. There are shocking lapses in the grammar leading to blurring of meaning at time. She has not stringently proof read her work.	12. Draft is thoroughly revised and proof read twice to improve the grammatical mistakes and the errors concerned with the use of language.
13. The researcher staggers me by the complete mockery she makes of critical understanding of issues involved.	13. The issues involved in the critical analysis of the selected poems of both the poets are suitably analysed according to the theory of Ecocriticism.
14. The very first sentence of her conclusion and findings chapter shows that the researcher is not updated about recent and not so recent trends in literary theory.	14. The concluding chapter is updated as per the theory.
15. In her conclusion and findings, she has not been able to tell how her research has made a difference to the academic world and how these findings are implied in practice.	15. The concluding chapter reflects that the research work is different from the previous ones on the comparative grounds.
16. Although the introduction as well as the bibliography refers to a lot of books on Ecocriticism, the researcher has failed to engage with the available literature and theory.	16. The books related to the theory are reviewed in a serious manner and the relevant material and concerns are used in the analysis and interpretation of the selected poems.
17. The analysis is very convoluted and fuzzy.	17. The analysis is done according to the theory.
18. Sound methodology and its careful application in context is completely lacking.	18. Refer to point no. 7.
19. The entire chapter is marred with observations which only strengthen my view that the dissertation has to be thoroughly revised and resubmitted.	19. The dissertation is thoroughly revised twice.
20. The bibliography is full of errors.	20. The bibliography is revised and improved as per the MLA style.
21. A thesis does not serve the purpose of demonstrating the candidates own understanding of the subject because the candidate has been unable to differentiate between primary data, interpretation and speculation apply theories like Ecocriticism in order to draw new insights and conclusions.	21. The primary data is properly used and interpreted keeping in view the research method of the theory of Ecocriticism.
22. The researcher has failed to give a supporting evidence for new arguments, new findings, new conclusions and criteria	22. The quotes and stanzas from the selected poems serve as supporting evidence for new

against which to judge the contribution of her thesis.	arguments, findings and conclusions.
23. As the researcher has not been able to reflect the limitations of her research, it is obvious that she cannot clarify or recommend comprehensively the validity or usefulness of the findings or the implications of the findings for future research and practice.	23. The limitations of the present research work and findings for future research are mentioned in the concluding chapter of the dissertation.
24. The researcher has not been able to intellectually grasp the ontological and the epistemological concepts of Ecocriticism and alternative theories.	24. The research has been carried out as per the theory of Ecocriticism and alternative theories are discussed in the future perspective of the work.

Agenda: To examine the case and give recommendations regarding the case of Mr. Gajjan Sharma, Regn. No. CUPB/MPh-PhD/SBAS/BIO/2011-12/05, Deptt. of Plant Sciences (erstwhile Biosciences).

The main observations raised by the Examination Section in the File are reproduced below:-

- (a) The student is not on roll since 01.07.2018.
- (b) The student has submitted the Ph.D. Thesis duly forwarded by the Supervisor, HoD & Dean of School on 01.01.2019 whereas he is not on roll since 01.07.2018.
- (c) The student has not submitted the Ph.D. Thesis within four months from the dated of pre-submission seminar i.e. 29.06.2018 as per existing rule.

The Committee discussed various points and observations raised by the Examination Section in the file. Pre-submission Seminar of the Ph.D. Scholar was held on 29.06.2018 and he submitted the Ph.D. Thesis on 01.01.2019 through the Supervisor, HoD & Dean of School.

As per resolve of the EC vide Item No. 21:2016:10, there should not be a gap of more than four months between the pre-submission seminar and submission of thesis.

It is a matter of record that Ph.D. Scholar took more than four months in thesis submission after delivering pre-submission seminar.

Now more than 7 (seven) months have been lapsed since his submission of Ph.D. Thesis.

In view of the above, the Committee discussed the matter at length and *recommends that the student may be asked to pay the fees for one semester and delay of about 2 ¼ months from pre-submission seminar and submission of thesis may be condoned.*

Subject: Regarding lien and Notice period in case of Technical resignation

Respected Sir,

In reference to my request for my technical resignation with lien dated Aug 5, 2019 and letter from the registrar office reference number CUPB/CC/19/PF/1152, I would like to submit that as per DoPT office memorandum reference number 28020/2/2018-Est.(C) dated 27th August, 2018, there is no mention of notice period in case of technical resignation with lien. As per point 14:

(i) Lien is defined in FR-9 (13). It represents the right of a Government employee to hold a regular post, whether permanent or temporary, either immediately or on the termination of the period of absence. The benefit of having a lien in a post/service/cadre is enjoyed by all employees who are confirmed in the post/service/cadre of entry or who have been promoted to a higher post, declared as having completed the probation where it is prescribed. It is also available to those who have been promoted on regular basis to a higher post where no probation is prescribed under the rules, as the case may be.

With reference to point 17 regarding retention of lien for appointment in another central government office/state government

17 (iii) Timely action should be taken to ensure extension/reversion/resignation of the employees to their parent cadres on completion of the prescribed period of 2/3 years.

It means that technical resignation with lien is not considered as resignation or termination of services and resignation need to be submitted by the employee to the parent organization at the completion of lien. Hence, there is no need of notice period/salary in lieu of during sanction of lien.

In addition, many Central and State Universities including Central University of Himachal Pradesh, Central University of Rajasthan, Panjab University Chandigarh etc. relieve their employees on lien without taking consideration any notice period or salary in lieu of.

I would also like to draw your kind attention towards Central University act 2009 point 6 (iii)

Inter-University mobility of faculty, with portable pensions and protection of seniority, shall be encouraged.

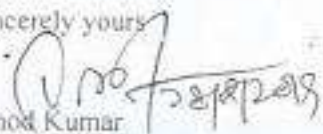

Therefore, in light of the above mentioned facts there is no need/stipulation for 3 months notice/salary in lieu of. In fact our university regulations are also silent on this matter and hence DoPT rules (under which no such requirement is even mentioned) become applicable. However, any notice period (if at all) may kindly be condoned in conformity with the letter and spirit of Central University Act 2009 point 6 (iii) and DoPT notification.

(594)

I shall be highly thankful for this kind gesture.

Sincerely yours

No. 28020/1/2010-Estt.(C)
 Government of India
 Ministry of Personnel, Public Grievances & Pensions
 (Department of Personnel & Training)

North Block, New Delhi
 Dated 17th August, 2016

OFFICE MEMORANDUM

Subject: Technical Resignation & Lien- Consolidated guidelines.

The undersigned is directed to refer to this Department's OM of even number dated the 26th December, 2013 on the above subject and to say that guidelines/ instructions regarding Technical Resignation have been issued from time to time. It is now proposed to further consolidate these instructions, as the Department continues to receive frequent references on these issues.

2.1 Technical Resignation

2.1.1 As per the Ministry of Finance OM No. 3379-E.III (B)/65 dated the 17th June, 1965, the resignation is treated as a technical formality where a Government servant has applied through proper channel for a post in the same or some other Department, and is on selection, required to resign the previous post for administrative reasons. The resignation will be treated as technical resignation if these conditions are met, even if the Government servant has not mentioned the word "Technical" while submitting his resignation. The benefit of past service, if otherwise admissible under rules, may be given in such cases. Resignation in other cases including where competent authority has not allowed the Government servant to forward the application through proper channel will not be treated as a technical resignation and benefit of past service will not be admissible. Also, no question of benefit of a resignation being treated as a technical resignation arises in case of it being from a post held on *ad hoc* basis.

2.1.2 This benefit is also admissible to Government servants who have applied before joining the Government service and on that account the application was not routed through proper channel. The benefit of past service is allowed in such cases subject to the fulfilment of the following conditions:

- (i) the Government servant should intimate the details of such application immediately on their joining;
- (ii) the Government servant at the time of resignation should specifically make a request, indicating that he is resigning to take up another appointment under the Government for which he applied before joining the Government service;
- (iii) the authority accepting the resignation should satisfy itself that had the employee been in service on the date of application for the post mentioned by the employee, his application would have been forwarded through proper channel.

(DOPT's O.M.No.13/24/92-Estt(Pay-1) dated 22.01.1993)

2.2 Carry forward of Leave benefits

- (i) In terms of Rule 9(2) of the CCS (Leave) Rules, 1972, technical resignation shall not result in the lapse of leave to the credit of the Government servant. The balance of unutilized Child Care Leave (CCL) as well as all other leaves of the kind due & admissible will be carried forward.
- (ii) As per rule 39-D of the CCS (Leave) Rules, 1972, in case of permanent absorption in PSUs/ Autonomous Bodies/ State Government etc., the Government servant shall be granted cash equivalent of leave salary in respect of EL & HPL at his credit subject to overall limit of 300 days.

2.3 Carry forward of LTC

Entitlement to LTC may be carried forward in case of a Central Government Servant who joins another post after having submitted Technical Resignation. In case of a Government Servant who resigns within 8 years of his appointment and joins another post in the Government after Technical Resignation, the Government Servant will be treated as a fresh recruit for a period of 8 years from the date of his initial appointment under Government. Thus if a Government Servant joins another Department after serving in Government for 4 years, he will be treated as a fresh recruit for 4 years in the new Department.

2.4 Pay Protection, eligibility of past service for reckoning of the minimum period for grant of Annual Increment

In cases of appointment of a Government servant to another post in Government on acceptance of technical resignation, the protection of pay is given in terms of the Ministry of Finance OM No. 3379-E.III (B)/65 dated the 17th June, 1965 read with proviso to FR 22-B. Thus, if the pay fixed in the new post is less than his pay in the post he holds substantively, he will draw the presumptive pay of the pay he holds substantively as defined in FR-9(24). Past service rendered by such a Government servant is taken into account for reckoning of the minimum period for grant of annual increment in the new post/ service/ cadre in Government under the provisions of FR 26 read with Rule 10 of CCS (RP) Rules, 2016. In case the Government servant rejoins his earlier posts, he will be entitled to increments for the period of his absence from that post.

2.5 GPF transfer

Transfer of GPF on technical resignation would be governed by Rule 35 of the General Provident Fund (Central Services) Rules, 1960.

2.6 Seniority

On technical resignation, seniority in the post held by the Government servant on substantive basis continues to be protected. However, in case of a Government servant deciding to rejoin his substantive post, the period spent in another department which he had joined after submitting his technical resignation will not count for minimum qualifying service for promotion in the higher post.

2.7 Applicability of Pension Scheme

In cases where Government servants, who had originally joined government service prior to 01.01.2004, apply for posts in the same or other Departments and on selection they are asked to tender technical resignation, the past services are counted towards pension if the new post is in a pensionable establishment in terms of Rule 26(2) of CCS(Pension) Rules 1972. They will thus continue to be covered under the CCS(Pension) Rules, 1972 even if they join the new post after 1.1.2004.

(Department of Pension & Pensioners Welfare's O.M.No.28/30/2004-P&PW(B)
dated 26.07.2005)

2.8 New Pension Scheme

In case of 'Technical Resignation' of Government servant covered under National Pension System (NPS), the balance standing to their Personal Retirement Account (PRA) along-with their PRAN will be carried forward to the new office.

2.9 Transfer of Service Book from parent Department to present Department.

As per SR- 198, the Service Book is to be maintained for a Government servant from the date of his/her first appointment to Government service and it must be kept in the custody of the Head of Office in which he is serving and transferred with him from office to office.

2.10 Need for Medical examination.

In cases where a person has already been examined by a Medical Board in respect of his previous appointment and if standard of medical examination prescribed for the new post is the same, then he need not be required to undergo a fresh examination.

2.11 Verification of Character & Antecedents

In the case of a person who was originally employed in an office of the Central Government, if the period intervening between date of discharge from his previous office and the date of securing a new appointment, is less than a year, it would be sufficient if the appointing authority, before making the appointment, satisfies itself by a reference to the office in which the candidate was previously employed that (a) that office have verified his character and antecedents; and (b) his conduct while in the employ in that office did not render him unsuitable for employment under Government. If however, more than a year has lapsed after the discharge of the person from his previous office, verification should be carried out in full/afresh, in accordance with O.M.No.18011/9(s)/78-Estt(B) dated 2nd July,1982.

3.1 Lien

3.1.1 Lien is defined in FR 9(13). It represents the right of a Government employee to hold a regular post, whether permanent or temporary, either immediately or on the termination of the period of absence. The benefit of having a lien in a post/service/cadre is enjoyed by all employees who are confirmed in the post/service/cadre of entry or who have been promoted to a higher post, declared as having completed the probation where it is prescribed. It is also available to those

who have been promoted on regular basis to a higher post where no probation is prescribed under the rules, as the case may be.

3.1.2 The above right will, however, be subject to the condition that the junior-most person in the cadre will be liable to be reverted to the lower post/service/cadre if at any time the number of persons so entitled is more than the posts available in that cadre/service.

(DOPT's O.M.No.18011/1/86-Estt (D) dated 28.03.1998)

3.2 Lien on a post

A Government servant who has acquired a lien on a post retains a lien on that post-

- (a) while performing the duties of that post;
- (b) while on foreign service, or holding a temporary post or officiating in another post;
- (c) during joining time on transfer to another post; unless he is transferred substantively to a post on lower pay, in which case his lien is transferred to the new post from the date on which he is relieved of his duties in the old post;
- (d) while on leave; and
- (e) while under suspension.

A Government servant on acquiring a lien on a post will cease to hold any lien previously acquired on any other post.

3.3 Retention of lien for appointment in another central government office/ State Government

- (i) A permanent Government servant appointed in another Central Government Department/Office/ State Government, has to resign from his parent department unless he reverts to that department within a period of 2 years, or 3 years in exceptional cases. An undertaking to abide by this condition may be taken from him at the time of forwarding of his application to other departments/offices.
- (ii) The exceptional cases may be when the Government servant is not confirmed in the department/office where he has joined within a period of 2 years. In such cases he may be permitted to retain the lien in the parent department/ office for one more year. While granting such permission, a fresh undertaking similar to the one indicated above may be taken from the employee.
- (iii) Timely action should be taken to ensure extension/ reversion/ resignation of the employees to their parent cadres on completion of the prescribed period of 2/3 years. In cases, where employees do not respond to instructions, suitable action should be initiated against them for violating the agreement/ undertaking given by them as per (i) and (ii) above and for termination of their lien. Adequate opportunity may, however, be given to the officer prior to such consideration.
- (iv) Temporary Government servants will be required to sever connections with the Government in case of their selection for outside posts. No lien will be retained in such cases.

(DOPT O.M.No.8/4/70-Estt(C) dated 06.03.1974)

3.4 Termination of Lien

3.4.1 A Government servant's lien on a post may in no circumstances be terminated even with his consent if the result will be to leave him without a lien upon a permanent post. Unless his lien is transferred, a Government servant holding substantively a permanent post retains lien on that post. It will not be correct to deny a Government servant lien to a post he was holding substantively on the plea that he had not requested for retention of lien while submitting his Technical Resignation, or to relieve such a Government servant with a condition on that no lien will be retained.

3.4.2 A Government employee's lien on a post shall stand terminated on his acquiring a lien on a permanent post (whether under the Central Government or a State Government) outside the cadre on which he is borne.

3.4.3 No lien shall be retained:

- a. where a Government servant has proceeded on immediate absorption basis to a post or service outside his service/ cadre/ post in the Government from the date of absorption; and
- b. on foreign service/ deputation beyond the maximum limit admissible under the orders of the Government issued from time to time.

(Notification No.28020/1/96-Estt(C) dated 09.02.1998)

3.5 Transfer of Lien

The lien of a Government servant, who is not performing the duties of the post to which the lien pertains, can be transferred to another post in the same cadre subject to the provisions of Fundamental Rule 15.

(Notification No.28020/1/96 Estt(C) dated 09.02.1998)

3.6 Joining Time, Joining Time Pay & Travelling Allowance

Provisions relating to joining time are as follows:

3.6.1 For appointment to posts under the Central Government on results of a competition and/or interview open to Government servants and others, Central Government employees and permanent/ provisionally permanent State Government employees will be entitled to joining time under the CCS(Joining Time) Rules,1979. Joining time will be included as qualifying service in the new job.

3.6.2 A Government servant on joining time shall be regarded as on duty during that period and shall be entitled to be paid joining time pay equal to the pay which was drawn before relinquishment of charge in the old post. He will also be entitled to Dearness Allowance, if any, appropriate to the joining time pay. In addition, he can also draw compensatory allowances like House Rent Allowance as applicable to the old station from which he was transferred. He shall not be allowed Conveyance Allowance or permanent Travelling Allowance.

3.6.3 For appointments to posts under the Central Government on the basis of results of a competition and /or interview open to Government servants and others, Central Government employees and permanent/ provisionally permanent State Government employees shall be entitled to Transfer Travelling Allowance(TTA). However, temporary Central Government employees with less than 3 years of regular continuous service would not be entitled for TTA, as they are not entitled joining time pay under Joining Time Rules.

ABOUT CENTRAL UNIVERSITY OF PUNJAB

The Central University of Punjab, Bathinda (CUPB) was established in 2009 by an Act of Parliament. The University has got 95th rank and 1st amongst new Central Universities under India Rankings-2019 by the National Institutional Ranking Framework (NIRF), Ministry of Human Resource Development, Government of India. Further in the very first accreditation cycle, the University has been rated as an "A" grade University by National Assessment and Accreditation Council (NAAC). The University has a mission of providing wide range of instructional and research facilities across integrated and cross-disciplines, promote innovation in teaching, learning and research, and cross-pollinate new ideas, new technologies and new world-views. It aims to create an ignited workforce responsive to regional, national and global needs in tune with the requirements of academia, industry and business.

CUPB started in a Camp Office provided by the State administration in March, 2009. Making a modest but speed start, it has been working and progressing from a temporary, 37-acre Campus on Mansa Road, Bathinda. In the very first accreditation cycle, the University has been rated as an "A" grade University by NAAC. The University has been consistent in maintaining its top position in h-index (as per Scopus & Web of Science). It is also ranked at No. 1 among the 13 newly established Central Universities. The University has been recognized as Anchor Institution for e-PG Pathshaala for Environment Sciences in India. The University has also developing courses on MOOCs for the Country. The University has established a Central Instrumentation Laboratory, Computer Centre and the University Library to provide high end facilities to its faculty and students. Air-conditioned lecture rooms, well-equipped science laboratories, a 90-seater seminar hall and a 250-seater air-conditioned auditorium support the academic activities.

Simultaneously, the arduous task of selecting enough contiguous land for its Campus was undertaken. The Punjab State Government purchased 500 acres of land in Ghudda village and got it registered as a site for the new University Campus. The new Campus is scheduled to be completed and become operational within a period of few months. The Campus is designed to be environment friendly and energy efficient conforming to GRIHA-IV norms, perhaps the first such University in the region. The University has been certified with 5 star rating under GRIHA (LD) for Master Plan as highest award of the Ministry of Urban Development. The University has ranked top position in 14th National Youth Parliament (in group level) competition. The University has

secured 8th rank in VISAKA (out of 4896 Institutions) across the Nation. Two teachers of the University had been part of "36th Indian Scientific Expedition to Antarctica" and worked at Bharti & Maitri research stations. 3 students of the University had earned Award for promoting Digital Economy from Hon'ble Minister HRD. Four Departments have received DST-FIST grant.

Currently, the University has 31 Departments spread over 11 Schools in areas ranging from Sciences, Technology, Humanities, Laws and Social Sciences. We have adopted national model curricula wherever available and supplemented it with the local, national and global issues. The University offers only Masters and Ph.D. Programmes. For Ph.D. Programmes, 9615 applications received for 130 seats, making a demand ratio of 1:74.

Besides celebrating international and national commemorative days, students are encouraged to organize annual sports and culture events during the Foundation Week in February every year. The University is committed to the social cause of not only the region, but the whole nation and actively participates in events like "Swachh Bharat Abhiyan". To cater to the financial needs of the students, the University provides scholarships and interest-free loans out of the Students Welfare Fund and has also implemented Earn-While-YouLearn scheme.

In spite of the locational disadvantage, the University in true sense is a multi-culture, mini-India as it supports students from 27 States, faculty from 10 States and nonteaching staff from 14 States. Subject: Regarding the ongoing Recruitment Process of the Faculty Positions

Sir,

At the outset, we would like to inform that as per directions of the MHRD, and scrupulously following the procedures, so far we have completed the process of selection of 65 faculty positions.

We would also like to bring to your kind notice that the screening and selections of faculty at the Central University of Punjab are made in consonance with the UGC (Minimum Qualifications for Appointment of Teachers and other Academic Staff in Universities and Colleges and other measures for the Maintenance of Standard in Higher Education) Regulations, 2018 as well as Regulations of the other Regulatory Bodies such as NCTE/PCI/AICTE etc.

The selections for 65 teaching posts have been completed till 21.10.2019. With the approval of Academic Council and Executive Council, the Selection committee (Sciences) comprises mostly the **Fellows of National Academies** and experts of academic eminence. For non-sciences subjects (humanities, languages) mostly the ICSSR/Sahitya Academy Council members or well known academicians in respective fields were invited as experts.

These selections were made in 6 phases. In all the first five phases, the visitors' nominees were satisfied with the whole process and even appreciated the Vice Chancellor in the presence of subject experts for the university's transparent recruitment process. However, in the last phase of recruitment process i.e. on 19.10.2019, 20.10.2019 and 21.10.2019, Prof. Alok Kumar Rai was a Visitor's nominee. Surprisingly and to the astonishment of the selection committee members as well as university officials, he raised some general observations on the selection process being carried out by the University for the reasons best known to him. On being asked for any specific case, he could not point out any. His one of the observations related to the Chairman of the selection committee is reproduced in verbatim as below:

"That the term of the Hon'ble Vice Chancellor, CUPB has expired on 4th September 2019 and is working as an acting Vice Chancellor, CUPB against letter vide reference no. F.No. 50-4/ 2019-CU.IV (PART) dated 4.9.2019 received by the university via email. On enquiring about the appropriateness to conduct selection interviews now, CUPB provided letters F No 50-4/2019-CU.IV(PART) dated 25-07-2019 and letter F.No:50-4/2019-CU.IV(Pt) dated 17-09-2019 received via email by the university from Ministry of Human Resource Development, New Delhi. However, the said letters need to be interpreted in view of the Vigilance Unit, MHRD's letter no. C 34013/16/2015-Vig Dated 13/08/2015 and the issues of ethics and morality "

In response to the above comments, we gave him photocopies of all correspondence of the university with the MHRD and he was even explained that the university is following directions of MHRD.

We would like to submit following facts in brief for your kind considerations:-

- (i) That MHRD vide letter No. F.No.19-22/2019-CU.Cdn dated 21.05.2019 asked the university to prepare a plan for filling of vacancies in Higher Education Institutions under "100 days action plan" and submit a compliance report. The university response was conveyed vide letter dated 24.05.2019 Annexure-I

Further, the University (on the matter regarding Progress report on filling up the vacant posts in Central Universities as requested by MHRD), vide letter No. CUPB/CC/MHRD/19/0527 dated 29.05.2019 had informed to MHRD that Hon'ble Vice-Chancellor of Central University of Punjab, Bathinda i.e. Prof. R.K. Kohli will relinquish his charge on 4th September, 2019 on completion of his tenure and as per the extant rules of MHRD, the Vice-Chancellor is not expected to make any appointment during two months preceding to relinquishing his charge. It was also informed in the letter that the University will complete the process of inviting candidates for interview in 7-8 weeks, yet the interviews can only be conducted by the next Vice-Chancellor Annexure-II

- (ii) That the MHRD considering the fact of shortage of regular faculty in Central Universities, vide its letter No. 50-4/2019-CU.IV [PART] dated 25.07.2019, Annexure-III, allowed the Vice-Chancellor, Central University of Punjab (CUP) for the time being to carry out the process of selection/appointment of the teaching faculty in the CUP

The University took the prompt action in the letter and spirit and initiated the process of recruitment of teaching faculty accordingly. The University till 04.09.2019 i.e. the date of completion of tenure of Hon'ble Vice-Chancellor, conducted interviews in 7 departments (22 posts) and the selection proceedings in sealed cover were kept, to be opened before the Executive Council.

- (iii) That on completion of tenure of Prof. R.K. Kohli as Vice-Chancellor on 04.09.2019, the University approached MHRD for further directions and on the same day MHRD allowed present Vice-Chancellor to continue in office notwithstanding the expiry of the tenure till his successor is appointed and enters upon his office in terms of first proviso of clause 4 of Statute 2 of the Statutes of Central Universities Act, 2009, or till further orders vide its letter No. F.No. 50-4/2019-CU.IV [PART] Annexure-IV

Further, the University on 05.09.2019 again approached MHRD for clarification whether the incumbent Vice-Chancellor can continue to carry out the process of selection/appointment of teaching faculty and non-teaching staff including statutory posts during this period of extension, Annexure-V

MHRD vide its letter dated 17.09.2019 Annexure-VI stated that the acting Vice-Chancellor, CUP for the time being, in continuation of this Ministry's letter No. 50-4/2019-CU.IV [PART] dated 25.07.2019 may carry out the process of selection/appointment of non-teaching staff including statutory posts as well and accordingly, the University has conducted/completed process of interviews for 65 teaching positions.

Therefore, to the best of our knowledge and as per available records, the University has not violated any instructions of MHRD/UGC and is carrying out the process of recruitment strictly as per directions of MHRD. The observation of Prof. Alok Kumar Rai, Visitors nominee in our opinion is invalid and deserves to be rejected.

However, in view of the observations of a visitor's nominee and avoiding any controversy later, the Vice Chancellor has postponed the already scheduled interview for the faculty positions of the Departments of Sociology, Political Science, Computational Sciences (fixed for November, 4, 5 & 6 November respectively) and of Registrar, Finance Officer and Medical Officer (fixed for 30.10.2019).

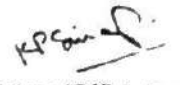

We are fully prepared with the conduct of interviews in rest of almost every vacant position. If we are asked to continue, we expect to complete it within a month.

Once again it is reiterated that the University follows the transparent recruitment system. The Central University of Punjab stands at number one university among the newly established universities and is known for its best practices. The university is committed to maintain its status of high integrity and honesty. The appreciation contained in the feedback of the candidates who appear for the interview is a testimony of the fact that we practice a very fair and transparent procedure of selection with only the merit of the person as the criteria of selection within the prescribed rules. To be really transparent all interviews are audio and video recorded. It is known even to the experts and the candidates.

If, MHRD directs, the University shall continue with selection/recruitment process and complete the process in about a month. Directions from MHRD for continuing the process are solicited please.

With regards

Yours sincerely,

Registrar (Officiating)

It is pertinent to mention that the last date of receiving online applications for existing advertisements is 10.07.2019, whereas Hon'ble Vice Chancellor, Central University of Punjab will relinquish his charge on 5th September 2019 on completion of his tenure.

Further, as per extant rules of MHRD, the Vice Chancellor is not expected to make any appointment during two months preceding to relinquishing his charge.

Although the university will complete the process of inviting candidates for interview in this period of 7-8 weeks, yet the interviews can only be conducted by the next Vice Chancellor.

Therefore, it is expected that the period of six months will be required for filling 125 teaching and 21 non-teaching positions.

With regards,

Yours Sincerely,

Deputy Registrar (Estt.)

Subject: Regarding the ongoing Recruitment Process of the Faculty Positions

Sir,

At the outset, we would like to inform that as per directions of the MHRD, and following meticulously the procedures, so far we have completed the process of selection of 65 faculty positions.

We would also like to bring to your kind notice that the screening and selections of faculty at the Central University of Punjab are made in consonance with the UGC (Minimum Qualifications for Appointment of Teachers and other Academic Staff in Universities and Colleges and other measures for the Maintenance of Standard in Higher Education) Regulations, 2018 as well as Regulations of the other Regulatory Bodies such as NCTE/PCI/AICTE etc.

The selections for 65 teaching posts have been completed till 21.10.2019. With the approval of Academic Council and Executive Council, external experts of the Selection committee (Sciences) comprises mostly the Fellows of National Academies and of academic eminence. For non-sciences subjects (humanities, languages) mostly the ICSSR/Sahitya Academy Council members or well known academicians in respective fields were invited as external experts.

These selections were made in 6 phases. In all the first five phases, the visitors' nominees were satisfied with the whole process and even appreciated the Vice Chancellor in the presence of subject experts for the university's transparent recruitment process. However, in the last phase of recruitment process i.e. on 19.10.2019; 20.10.2019 and 21.10.2019, Prof. Alok Kumar Rai was a Visitor's nominee. Surprisingly and to the astonishment of the selection committee members as well as university officials, he raised some general observations on the selection process being carried out by the University for the reasons best known to him. On being asked for any specific case, he could not point out any. His observations relating to ongoing recruitment process have been addressed precisely in the preceding paras.

His first observation is that:

"the candidate's shortlisting has not been done in accordance with the UGC's laid down norms while awarding marks for experience. Marks were awarded to the candidates whose salary were not in grade as per any of the pay commission i.e even consolidated salary and adhoc/contractual employees were also awarded marks." "While assessing candidate's experience, clause 10 of UGC's guidelines 2018 has not been followed".

In this matter, we would like to submit that the main gist of the observation of Prof. Alok Kumar Rai is that *"Marks were awarded to the candidates whose salary were not in grade as per any of the pay commission i.e*

even consolidated salary and adhoc/contractual employees were also awarded marks and while assessing candidates experience, clause 10 of UGC's guidelines 2018 has not been followed".

To clear the misapprehension, the Clause 10.0 of the UGC Regulations, 2018 is reproduced in verbatim for your ready reference:

"10.0. Counting of Past Services for Direct Recruitment and Promotion under CAS

Previous regular service, whether national or international, as Assistant Professor, Associate Professor or Professor or equivalent in a University, College, National Laboratories or other scientific/professional organisations such as the CSIR, ICAR, DRDO, UGC, ICSSR, ICHR, ICMR and DBT, should count for the direct recruitment and promotion under the CAS of a teacher as Assistant Professor, Associate Professor, Professor or any other nomenclature, provided that:

- (a) The essential qualifications of the post held were not lower than the qualifications prescribed by the UGC for Assistant Professor, Associate Professor and Professor, as the case may be.*
- (b) The post is/was in an equivalent grade or of the pre-revised scale of pay as the post of Assistant Professor (Lecturer) Associate Professor (Reader) and Professor.*
- (c) The concerned Assistant Professor, Associate Professor and Professor should possess the same minimum qualifications as prescribed by the UGC for appointment to the post of Assistant Professor, Associate Professor and Professor, as the case may be.*
- (d) The post was filled in accordance with the prescribed selection procedure as laid down in the Regulations of the University/State Government/Central Government/Institutions concerned, for such appointments.*
- (e) The previous appointment was not as guest lecturer for any duration.*
- (f) The previous Ad-hoc or Temporary or contractual service (by whatever nomenclature it may be called) shall be counted for direct recruitment and for promotion, provided that:
 - (i) the essential qualifications of the post held were not lower than the qualifications prescribed by the UGC for Assistant Professor, Associate Professor and Professor, as the case may be*
 - (ii) the incumbent was appointed on the recommendation of a duly constituted Selection Committee/Selection Committee constituted as per the rules of the respective university;*
 - (iii) the incumbent was drawing total gross emoluments not less than the monthly gross salary of a regularly appointed Assistant Professor, Associate Professor and Professor, as the case may be; and**
- (g) No distinctions shall be made with reference to the nature of management of the institution where previous service was rendered (private/local body/Government), while counting the past service under this clause."*

The observation is overruled by the Clause 10(f) of the UGC guidelines itself, which clearly state that the previous Ad-hoc or Temporary or contractual service (by whatever nomenclature it may be called) shall be counted for direct recruitment and for promotion. The sub-clause 10(f)(iii) further dispels that the incumbent was drawing total gross emoluments not less than the monthly gross salary of a regularly appointed Assistant Professor, Associate Professor and Professor, as the case may be;

No distinction was made with reference to the nature of management of the institution where previous experience was gained (private/local body/Government), while counting the experience. In some of the cases where the screening committee had doubt, Form 16 A of Income Tax was asked for. Hence, the experience has been counted as per UGC Regulations, 2018, in case of Associate Professor and Professor.

In case of recruitment to the post of Assistant Professor, as per UGC regulation there is no requirement of experience as part of eligibility. However, the UGC has prescribed criteria for shortlisting of candidate's for interview for the post of Assistant Professor in universities vide Table 3A, page No. 107 of UGC regulation 2018. Annexure-1. As per table 3 A, 10 marks have been awarded for Teaching /Post Doctoral Experience (2marks for one year each) and there is no stipulation of being on regular scale or on consolidated salary. Even otherwise professional experience gained at a particular level has no relevance to the emoluments as per various court decisions. Here, it is mentioned that the post of Assistant Professor is entry level post, Further PDF in many of Indian universities and even in central Institutions are not paid fellowship equivalent to the regularly appointed Assistant Professor. Hence all full time teaching/Post Doctoral research experience acquired after fulfilling the minimum qualification as per extant UGC regulation was counted for shortlisting by the screening committees

The screening committees (Comprising, an external expert of Professor level, senior Professor as Chairman, HOD, one or two Assistant Professor including one external member) screened and shortlisted the applications as explained above which is as per UGC Regulations, 2018 in our opinion. Chairman of the committee was authorized to co-opt any member(s) as per requirement.

Therefore as explained and justified above the remarks of Prof. Alok Kumar Rai, Visitors nominee is invalid as it is against factual position and grossly against provisions of UGC guidelines. Hence, the same deserves to be rejected.

His second observation is that:

"while providing credit for publication, UGC's letter F.1-1/2018(Journal/CARE) dated 16th Sept 2019 has not been followed."

To clear the misunderstanding in the matter, the contents of the above referred public notice are reproduced as below:

In the interests of Indian academic publishing and the credibility of our research and knowledge production, the UGC reiterates the following:

(1) The Old UGC Approved List of Journals' has been replaced with the new 'UGC-CARE Reference List of Quality Journals' (UGC-CARE List) and with effect from 14th June, 2019 research publication only from the journals indexed in UGC-CARE list should be considered prospectively for any academic purpose.

(2) The Vice Chancellors, Selection Committees, Screening Committees, research supervisors and all/any expert(s) involved in academic/performance evaluation and assessment are hereby advised to ensure that their decisions in the case of selections, promotions, credit-allotment, awarded of research degrees etc. must be based on the quality of published work rather than just numbers or a mere presence in peer reviewed or in old UGC Approved List of Journals which is available for reference on the UGC website.

The bare perusal of the above notice clearly implies that:

- a) the Old UGC Approved List of Journals has been replaced;
- b) the research publications published on/after 14th June 2019 indexed in UGC-CARE List of journals should only be considered for any academic purpose;

- c) the research publications published on/before 13th June 2019 in Old UGC Approved List of Journals or in Peer-Reviewed Journals may also be considered for any academic purpose.
- d) The UGC-CARE List should be considered prospectively i.e. published only after 14th June 2019.
- e) Bold text in Para (2) '*rather than just numbers or a mere presence in peer reviewed or in old UGC Approved List of Journals*' refers that Peer-Reviewed or Old UGC Approved List of Journals is equally considerable, subject to quality of publication.

The Screening Committees have considered the publications in peer-reviewed and Old UGC approved list of Journals for calculation of API, for shortlisting, as well for ascertaining the eligibility of the candidates. Hence, UGC's Public Notice dated 16.09.2019 and UGC Regulations, 2018 have been followed in its true spirit for considering the research publications. While evaluating the credit for publication, only those papers published after 14.6.2019 if listed in the UGC-CARE list were considered. Whereas only those research publications published before 14.6.2019 if listed in UGC approved list of Journals or peer-reviewed journals were considered.

The UGC circular/clarification dated 16th September, 2019 has been loud and clear. The UGC-CARE list is operative prospectively and not retrospectively. His argument during verbal discussion had been that after 14.6.2019 only the CARE listed journal, irrespective of the date of publication will have to be considered and no credit to such papers published before 14.6.2019 and not in the CARE list could be given. In legal terms, we can't apply the UGC-CARE list retrospectively.

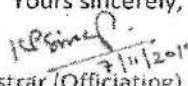

Therefore as explained and justified above the second observation of Prof. Alok Kumar Rai, Visitors nominee is also invalid as it seems that he could not correctly Interpret the public notice issued by the UGC. Hence, the same deserve to be rejected.

However, in view of the observations of a visitor's nominee and avoiding any controversy later, the Vice Chancellor has postponed the already scheduled interview for the faculty positions of the Departments of Sociology, Political Science, Computational Sciences (fixed for November,4, 5 & 6 November respectively) and of Registrar, Finance Officer and Medical Officer(fixed for 30.10.2019).

Once again it is reiterated that the University follows the transparent recruitment system. The Central University of Punjab stands at number one university among the newly established universities and is known for its best practices. The university is committed to maintain its status of high integrity and honesty. The appreciation contained in the feedback of the candidates who appear for the interview is a testimony of the fact that we practice a very fair and transparent procedure of selection with only the merit of the person as the criteria of selection within the prescribed rules. To be really transparent all interviews are audio and video recorded. It is known even to the experts and the candidates.

if, UGC agrees with the arguments and justifications of the university given above, the University shall continue with selection/recruitment process and complete the process in about a month. Therefore an early response in the matter shall be highly appreciated.

With regards

Yours sincerely,

 Registrar (Officiating)

REPORT TO THE VISIT OF THE CUPB OFFICIALS TO MHRD AND UGC

On 20th November 2019, the undersigned with Registrar Sh. K.P. Singh met Sh. Vijay Kumar, Under Secretary and Sh. Surat Singh, Deputy Secretary, Deptt. of Higher Education, MHRD. After handing over the copy of the letter No. CUPB/CC/RO/19/1590 dated 05.11.2019 regarding the observations of the Visitor's Nominee on the selection of faculty, Sh. K.P. Singh informed that the Vice Chancellor has continued the recruitment and selection process in view of the approval of the MHRD vide letter No. 50-4/2019-CU.IV [PART] dated 25.07.2019 and 17.09.2019.

Sh. Surat Singh, Deputy Secretary was of the view that MHRD has already sent the approval for continuation of the recruitment process by the Acting Vice Chancellor vide letter mentioned above. Shortly, he (Sh. Surat Singh) will convey the consent for continuing the recruitment process by the Acting Vice Chancellor (Prof. R.K. Kohli) in reponse to CUPB's letter on this issue.

On 22nd November 2019, the undersigned with the Registrar, CUPB visited UGC and met Sh. V. Talreja in CU Section and discussed the observations of the Visitor's Nominee on screening of teaching applications in the recent recruitment. We also handed over the copy of the CUPB letter, which was earlier sent to UGC. Sh. V. Talreja informed us that the observations raised by the Visitor's Nominee are concerned with the screening process of faculty applications, which are dealt by Dr. N. Gopukumar, Joint Secretary, UGC.

We met Dr. N. Gopukumar (Room No. 224) and explained him the complete process of screening of applications and the observations of the Visitor's Nominee. **Dr. N. Gopukumar, Joint Secretary, UGC was satisfied with the screening process of the CUPB.** The undersigned wanted to hand him over the copy of the CUPB letter on this issue. However, he suggested us to meet Smt. Chandra Prabha Gaur, Under Secretary, UGC and hand her over the copy of this letter as she is the dealing hand.

Then, we met Smt. Chandra Prabha (Room No. 422) and, after handing over the CUPB letter, explained the complete screening process carried out in the CUPB for the screening and shortlisting of faculty applications for interviews. **Smt. Chandra Prabha was of the view that the screening process carried out by the CUPB seems satisfactory as apart from counting the experience (on regular basis), CUPB is counting the full time experience of the candidates for Associate Professor and Professor keeping in view the Basic + DA (for contractual appointee). She was also satisfied with our logic to count the contractual experience of candidates as it is not a part of the eligibility, but it is just for shortlisting as per Table 3A of the UGC Regulations, 2018.**

Smt. Chandra Prabha also informed us that same such issues are also being put up in the UGC's Anomally Redressal Committee; and shortly the UGC will issue a Public Notice. She also assured us to reply to our letter shortly.

Subject: Reservation for Economically Weaker Sections (EWSs) in civil posts and services in the Government of India.

Sir,

This has reference to DoPT OM No. 36002/1/2019-Frtt (Res.) dated 19.01.2019 and 31.01.2019 on the subject cited above, wherein it has been directed to implement the Economically Weaker Section (EWSs) reservation on all direct recruitment vacancies. (Annexure-1)

While implementing the above reservation orders, the university authority was of the view that EWSs reservation may be implemented at the entry level of teaching cadre i.e. at the level of Assistant Professor only. However, it is not feasible to implement reservation for EWSs on the posts of Associate Professor and Professor in various Departments of CUPB due to the following reasons:

1. The candidates applying the posts of Professor and Associate Professor will be required to have experience of 8 to 10 years as Assistant Professor to become eligible for these posts as per UGC's Regulations, 2018, whereas the gross salary of an Assistant Professor is more than Rs. 8.00 Lakh as on date. Therefore, none of the candidate would qualify the income and assets criteria as mentioned in the above-referred letter of DoPT. Resultantly, these posts, if reserved for EWSs, will never be filled.
2. Same such case was with Other Backward Classes (OBC). Therefore, the UGC vide its letter F.No.59-6/2012(CU) dated 03.06.2016 directed to implement 27% reservation for OBC at the level of Assistant Professors only. (Annexure-2)
3. The University is a higher educational institute, which runs Master's degree and Ph.D. programmes.
4. The University conducts high-end & scientific/technical research and teaching activities. Hence, the posts of Associate Professor and Professor are 'for conducting research' or 'for organizing, guiding and directing research' as mentioned in sub section (iii) of Section 3.1 of the referred DoPT letter.
5. These posts are 'in grades above the lowest grade in Group-A of the service concerned' as mentioned in sub section (i) of Section 3.1 of the referred DoPT letter.

In view of the facts mentioned above, your goodself is requested to kindly obtain the orders of the minister concerned for exemption from implementation of EWSs reservation for the posts of Associate Professor and Professor, so that the university may make the recruitment to these positions, which are supposed to remain unfilled due the circumstances given above.

With regards,

Yours sincerely,

Registrar

Subject: Advertisement of teaching posts in CUs- Review by Secretary (HE)

Respected Sir,

Kindly refer to your email dated 02-07-19 on the subject cited above.

1. It is informed that Central University of Punjab has advertised 125 vacant posts of teaching staff vide Advt. No. CUPB/19-20/05 dated 22.05.2019. The copy of the advertisement is attached herewith. The last date to apply online is 10-07-19. (Annexure-1)
2. It is further submitted the university has reserved the posts for SC and ST categories at all levels, However reservation for EWS and OBC quota has been advertised at the level of Assistant Professor only. The reserved posts for EWS and OBC at the level of Associate Professor and Professor couldn't be advertised due to following reasons:
 - a. that the University received a letter from the UGC vide letter No. 59-6/2012 (CU) dated 03.06.2016, wherein it was directed to the Registrars of all the Central Universities that the reservation for OBC in teaching positions will be applicable at entry level i.e. Assistant Professor. The copy of said UGC letter is attached at Annexure-2.
 - b. that the University vide letter No. CUPB/CC/Estt./19/UGC/2568 dated 29.01.2019 has also requested MHRD to sanction the additional posts in order to effectively implement EWS quota in teaching and non-teaching posts. The reply is still awaited.
 - c. that the ambiguity in the 'Criteria of Income & Assets' as stipulated under O.M. No.36039/1/2019-Estt (Res.) dated 31.01.2019 creates a doubt since the candidates applying for the posts of Professor and Associate Professor will be required to have experience of 8 to 10 years as Assistant Professor to become eligible for these posts as per UGC's Regulations, 2018, whereas the gross salary of an Assistant Professor is more than Rs. 8.00 Lakh as on date. Therefore, none of the candidates would qualify the income and assets criteria.
3. In the light of 'C.' above, the University requested MHRD vide letter No. CUPB/CC/RC/19/MHRD/570 dated 03.06.2019 for exemption refer Clause 3.1 (i) to (iii) and 3.2 of O.M. No.36039/1/2019-Estt (Res.) dated 31.01.2019, from EWS reservation on the posts of Associate Professor and Professor (Annexure-3). The reply is still awaited.

4. In view of the position explained above and in compliance of MHRD's letter F.No.19-22/2019-CU.Cdn dated 21.05.2019 directing filling up of vacancies in Higher Education Institution under 100 days action plan, the University advertised the posts as detailed in Para 1 without waiting the response from the MHRD.
5. However, it is submitted that the University will re-advertise or issue the corrigendum before the last date i.e. 10th July 2019 for the posts with reservation for EWS and OBC at the level of Professor and Associate Professor, if necessary directions are issued by the MHRD/UGC. Accordingly, the roster will be prepared.

With regards

Yours Sincerely,
