Ref. No.: CUPB/HOD/CST/2025/460

Date: 21/2/25

Subject: **Minutes of faculty meeting held on 19-02-2025**

The meeting of the Curriculum Development Committee was held at 03.30 PM on 19-02-2025, in the office of HoD, CST.

The following faculty members were present in the meeting:

- i. Prof. Amandeep Kaur
- ii. Prof. Satwinder Singh
- iii. Dr. Meenakshi
- iv. Dr. Surinder Singh Khurana
- v. Dr. Parvinder Singh
- vi. Dr. Priyavrat Chauhan
- vii. Dr. Anam Bansal
- viii. Dr. Anandika Sharma
- ix. Dr. Swati Garg

**The agenda of the meeting was to finalize the structure and syllabus for B.Tech. (Computer Science & Engineering), M.Tech (Computer Science and Technology), M.Tech (CST- Cyber Security), Ph.D (Computer Science and Technology), PG Diploma in Data Sciences For Bio-Informatic, PG Diploma in AI for Digital Imaging and Healthcare Data Analytics, and Certificate Programme in Neural Networks and Deep Learning.**

The structure and content of the curriculum for the syllabus for B.Tech. (Computer Science & Engineering), M.Tech (Computer Science and Technology), M.Tech (CST- Cyber Security), Ph.D (Computer Science and Technology), PG Diploma in Data Sciences For Bio-Informatic, PG Diploma in AI for Digital Imaging and Healthcare Data Analytics and Certificate Programme in Neural Networks and Deep Learning, were analysed, and inputs were taken from the members to finalize the same.

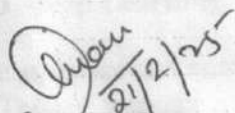

During the discussions, the following points emerged:

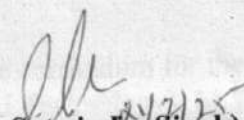

1. The department will introduce a minor course titled "Introduction to AI," with the syllabus being prepared by Prof. Satwinder Singh. The content of this syllabus will be discussed in the next meeting.
2. Additionally, the department has increased the intake for the B.Tech program from 30 to 60 seats. It has been decided that 20 of these seats will be filled through JEE, while 40 seats will be filled through CUCET. If any seats remain vacant from the JEE allocation, they will be filled through CUCET, and vice versa.
3. It is decided faculty members will update the course content for existing courses and drafting syllabi for newly offered courses in the PG and PhD programs before the next meeting. The content of these syllabi will be discussed in the upcoming meeting.
4. Furthermore, the department has finalized the Course Structure for the B.Tech (Computer Science & Engineering) program (attached as Annexure-1).
5. It is decided faculty members will draft the syllabus contents for various courses in the B.Tech. (Computer Science & Engineering) program based on their specializations and in accordance with the AICTE Model Curriculum. (As per Following Table) This task should be completed before the next meeting, where the syllabus content will be discussed.

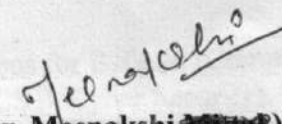

Sr. No.	Course Name	Faculty Name
1	Analog Electronic Circuits	Prof. Amandeep Kaur
2	Data structure and Algorithms	Dr. Parvinder Singh
3	Digital Electronics	Dr. Anam Bansal

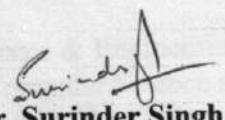

4	IT Workshop	Prof. Satwinder Singh
5	Mathematics-III	Dr. Swati Garg
6	Humanities-I	Faculty from Social Science
7	Discrete Mathematics	Dr. Swati Garg
8	Computer Organization & Architecture	Dr. Anandika Sharma
9	Design & Analysis of Algorithms	Dr. Parvinder Singh
10	Advanced Programming	Dr. Priyavrat Chauhan
11	Management-I	Faculty from Management
12	Signals & Systems	Prof. Amandeep Kaur
13	Introduction to Database Systems	Dr. Surinder Singh Khurana
14	Machine Learning	Prof. Satwinder Singh
15	Operating Systems	Dr. Meenakshi
16	Humanities-II	Faculty from Social Science
17	Computer Networks	Dr. Meenakshi
18	Introductory Cyber Security	Dr. Surinder Singh Khurana
19	Theory of Computation	Prof. Satwinder Singh & Dr. Priyavrat Chauhan
20	Compiler Design	Prof. Satwinder Singh

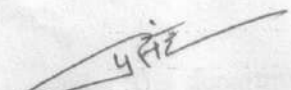

6. It is decided faculty members (as per the specialization) will draft the syllabus content for the elective courses in the B.Tech. (Computer Science & Engineering) program before the next meeting. The syllabus content will be discussed at that meeting.

- ix. Dr. Swati Garg

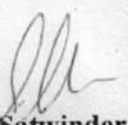

The agenda of the meeting was to finalize the syllabus for the following programs: B.Tech. in Computer Science & Engineering, M.Tech. in Computer Science and Technology, M.Tech. in CST-Cyber Security, Ph.D. in Computer Science and Technology, PG Diploma in Data Sciences for Bioinformatics, PG Diploma in AI for Digital Imaging and Healthcare Data Analytics, and a Certificate Programme in Neural Networks and Deep Learning.

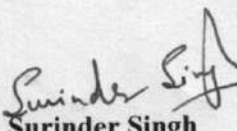

The curriculum content for these programs was analysed, and input was gathered from the members to finalize the syllabus.

During the discussions, the following points were addressed:

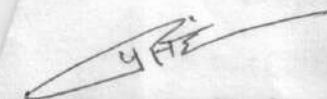

1. The syllabus for the university-level minor course titled "Minor in AI" was discussed and finalized (see attached Annexure-1).
2. The department updated and finalized the syllabi of courses in the PG programs in accordance with the AICTE guidelines of the model curriculum (see attached Annexure-2).
3. Faculty members discussed and finalized the syllabi of courses in the B.Tech. programs based on the AICTE model curriculum guidelines (see attached Annexure-3).
4. The minor specialization in B.Tech. was also discussed, and electives and open electives were decided in alignment with the AICTE model curriculum. Additionally, the syllabi for elective courses were discussed and finalized (see attached Annexure-3).
5. The department updated and finalized the syllabi of Ph.D. programs (see attached Annexure-4).
